

TO EXHUME BODY FOR EVIDENCE OF MURDER

Amador District Attorney on Way to Oakland to Investigate Affidavit That 2 Mine Guards Slew Strike Breaker

LOCAL POLICE ASKED TO ARREST SUSPECTS

Allegation Is Made That Confession of Murder Took Place at South Eureka Mines Soon After Fight Had Occurred

Working on the theory that J. J. Black, a mine strike-breaker, who died in Sutter Creek, November 1, under mysterious circumstances, was murdered, William G. Snyder, district attorney of Amador county, is on his way to Oakland to order that the body be exhumed and an autopsy performed to determine the cause of death. In the meantime he has asked the San Francisco and Oakland authorities to search for and arrest Long and a man named Bennett, mine guards, who are wanted in connection with the case.

Snyder's action follows the making of an affidavit in San Francisco last week by A. J. Crawford, also a mine guard, in which he alleges that Long confessed to him that he was responsible for the death of Black. Snyder, district attorney of Amador county, is on his way to Oakland to order that the body be exhumed and an autopsy performed to determine the cause of death. In the meantime he has asked the San Francisco and Oakland authorities to search for and arrest Long and a man named Bennett, mine guards, who are wanted in connection with the case.

Black's body was buried in an Oakland cemetery and Snyder's visit here is to be for the purpose of having it exhumed. Dr. O. D. Hamlin was asked to perform an autopsy tomorrow.

Crawford, in his affidavit, declares that he was employed as a guard at the South Eureka mines, near Sutter Creek, on November 1. On the evening of that day, he says, he met Bennett near a stamp mill and discussed with him the strike which was then in progress at the mines. In part the affidavit reads:

"After we had talked a short time Long ran toward us and shouted to Bennett, 'Get your gun. There's trouble at the mine. We'll have to go to it.' Bennett and Long ran away, leaving me to guard the stamp mill. A short time later they both returned. They seemed very excited and then Long asked me if he could trust me; if I would double-cross him. I told him to tell me what he desired to do."

Then he said, excitedly: "I just killed a man. I killed him with my fists. He is as dead as a mackerel."

REMOVED FROM GUARD. Long said that he thought he should give himself into the custody of the sheriff, and he started away to telephone. Then he met Joe King, night foreman of the mine guards. King advised him not to go to the sheriff after he had learned that no one had seen the fight with the exception of a porter in the hotel. Then King ordered Long to go on his beat. He, Long, told me that he said "slapped Black because he said some dirty things about the guards."

The affidavit was sworn to before Cotton in San Francisco. Cotton had been asked by Snyder to get it from Crawford. Mrs. Black, who lives in Oakland, has taken the matter up with Hynes. Descriptions of Long and Bennett have been furnished the police and they are now being sought.

Pleads Bigamy to Free Self From Matrimonial Tie

Salesman in Tangle of Wives Asks Decree in S. F.

SAN FRANCISCO, Nov. 17.—William T. Anderson, salesman for the National Electric Company and former non-commissioned officer in the United States army, admitted that he had committed bigamy when he was married in Los Angeles July 8, 1912, during the trial of an annulment suit today before Superior Judge Sullivan. Exhibits of an interesting nature were presented, and the court took occasion to rebuke Anderson and to inform him that he could expect little consideration.

Anderson claimed that he had a former wife living in his complaint, and in answering it, Mrs. Nettie L. Fraser Anderson accused him of treating her cruelly and beating her. As exhibits there were presented a letter from Rev. Father Joseph P. McQuinn showing that William Anderson had been married to Nettie Cramer June 2, 1905. At the same time a divorce decree showing that an interlocutory was granted in March, 1913, and that in June, 1913, Judge Morgan's court, were filed. Anderson admitted that he was Adria and that had been the name under which he enlisted. When the Los Angeles marriage certificate was presented it bore the date of July 8, 1911, and Anderson charged that his wife had changed it. This she admitted, saying that she had done so by reason of her adoption of a child belonging to a sister which had been taken into the family to save the sister from scandal.

West Estate Less Than \$20,000, Says Petitioner

Property of Late Speculator Dwindles From Millions to Small Item.

With the filing for probate today of the will of the late Jacob West in the local courts it was learned that the local courts it was learned that the man who had once been a millionaire several times over had died leaving an estate of an aggregate value less than \$20,000. This is the estimate made by Harry B. Leach, attorney for the executor, Mrs. Eleanor West Yeatman, wife of John A. Yeatman, chief engineer at the Union Iron Works in this city. West was believed to be a millionaire when he died.

West was one of a group of great wealth, owning great orchards in Oregon, stock in a number of Western banks, great cattle ranges in Utah and shares in a number of large corporations. After he had sold fortunes on his three sons—William J., John N. and Charles S. West—he is said to have made a large number of ill-fated speculations which made deep inroads into his fortune. Leach says the estate is worth something between \$16,000 and \$20,000. Much of the property left, he says, consists of shares in corporations that are practically valueless.

West was a pioneer of the West and was well known in business circles. He died in Oakland two weeks ago. Mrs. Yeatman West left forty-five shares of stock in the Corvallis State Bank at Corvallis, Ore.; thirty-nine shares of stock of the Union Iron Works; ten shares of the Oregon Apple Company of Corvallis; and twenty-five shares of the stock of the Consolidated Wagon and Machine Company of Salt Lake City. A similar bequest is made to another daughter, Lottie West Moore, and fifty shares of stock in the Salt Lake corporation were left in trust to Fred Dix West, another son. The three other sons, having died before their father, have no shares. The estate is valued at \$16,000 and \$20,000.

To Spend Thousands for Alameda Work

SAN FRANCISCO, Nov. 17.—Giving intimation of extensive improvements in the city of Alameda, which it is said will amount to thousands of dollars, the Pacific Telephone and Telegraph Company today filed a petition for a certificate of public convenience and necessity with the Federal Commerce Commission. The company wants extensions under the franchise granted by Alameda, February 2, 1915, to improve the suburban and local service within the city limits. No estimated amount of expenditure was given.

Thirty-nine Belgians Killed by Ally Air Raid

BERLIN, Nov. 17.—An allied air raid over Zebrugg and Ostend on Wednesday killed thirty-nine Belgians and resulted in virtually no other damage, according to a war office statement today. It was declared that the harbor works were undamaged.

Rumanians Evacuate Two Big Villages

PETROGRAD, Nov. 17.—The capture by the Austro-Hungarian forces of the big Rumanian village of Liresch in the Camulungu area, is announced today by the war office. The Rumanians also have evacuated the village of Tirguilul, in the Jiu sector.

Judaism Recognized As Law in Poland

LONDON, Nov. 17.—A Reuter dispatch from Amsterdam says: A Warsaw telegram announces that an edict has been published recognizing Judaism as a religion in public law.

GOLDEN BEAR GROWLS AT NORTHERN GRIDIRON HEROES OF WASHINGTON U.

HERE IS THE WASHINGTON TEAM, WHO WILL MEET UNIVERSITY OF CALIFORNIA TOMORROW. FROM LEFT TO RIGHT: LINE ABLE, CALKINS, SEAGRAVE, WICK, GRIM, MORRISON, FOLK; BACKS, NOBLE, MURPHY, HAINSWORTH, JOHNSON. BELOW, COACH GIMORE DOBIE.

President Issues Proclamation of Thanksgiving Day

Blessings Enjoyed by the U. S. Compared to Sufferings of War-Stricken Lands.

WASHINGTON, Nov. 17.—President Wilson by proclamation today designated Thursday, November 30, as Thanksgiving day. Here follows the President's proclamation:

"It has long been the custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us and to the nation."

"The year that has elapsed since we last observed our day of thanksgiving has been rich in blessing to us as a people, but the whole face of the world has been darkened by war. In the midst of our peace and happiness our thoughts dwell with painful anxiety upon the struggles and sufferings of the nations at war and of the peoples upon whom war has brought disaster without choice or possibility of escape on their part. We cannot think of our happiness without thinking of their pitiful distress."

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do appoint Thursday, the 30th of November, as a day of national thanksgiving and prayer and urge and advise the people to resort to the several places of worship on that day to render thanks to Almighty God for the blessings of peace and unbroken prosperity which He has bestowed upon our beloved country in such an unstinted manner."

"And I also urge and suggest our duty, in this our day of quietude and abundance, to think in deep sympathy of the stricken peoples of the world upon whom the curse and terror of war has so pitilessly fallen and to contribute out of our abundant means to the relief of their sufferings."

"Our people could in no better way show their real attitude toward the present struggle of the nations than by contributing to the relief of the suffering which war has brought in its train."

hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this 17th day of November, in the year of our Lord 1916, and of the Independence of the United States the one hundred and fortieth.

U. C. Huskies to Play Regular Game; Advance Seat Sale Promises Crowd

BERKELEY, Nov. 17.—All signs point to a football game on California Field tomorrow. Here are some of them: A university meeting in Harmon gymnasium this morning when 4000 students prayed for a Blue and Gold victory; eighteen huskies of the University of Washington absorption of knowledge in almost every classroom; an extra heavy business in Berkeley stores in blue and gold ribbons and pennants.

Whatever fears may have been entertained as to the possibility of California's popularizing the American game against any antagonist but Stanford have disappeared. In the opinion of Graduate Manager John Stroud, in the advance sale of seats for tomorrow afternoon's second annual contest with Washington. The crowd of last year has already been equaled and before the referee's whistle blows tomorrow will have been left far in the shade.

HOPE FOR U. C. What California mostly wonders this afternoon is whether the terrific scoring which Washington did last year to run up a final tally on this field of 72 to 0 will be approximated tomorrow. Mostly the belief here is that it will not, in the first place, and before the referee's whistle blows tomorrow will have been left far in the shade.

Coach Andy Smith: "The teams are evenly matched and an exciting game should result. The California team goes into the game in perfect condition. Mentally, Washington must possess a wonderful machine to beat it."

Coach Gilmore Dobie of Washington: "I regard tomorrow's game as the crucial test of the year for Washington. We face our hardest game with California. We are going into the game with a fighting team and a fighting team won't be beaten. I expect to win."

Captain Seagrave of Washington: "By defeating us in its defense last year California nearly defeated a better team than it will face tomorrow. California's superior knowledge of the game, gleaned from this season's efforts, may easily determine the Pacific Coast championship."

Armed Submarine Is Seen Off New London

NEW LONDON, Conn., Nov. 17.—A report was received here this afternoon from Plum Island that a strange submarine, with a gun mounted on deck, had been sighted toward the midway Connecticut shore, near Bartlett's Reef, Long Island sound. The vessel was visible, according to the report, through a light snowstorm.

Seaplane Squadron Bombed Successfully

BERLIN, Nov. 17.—The following announcement is made from the Austro-Hungarian admiralty: In the early morning hours of November 14 an Austro-Hungarian seaplane squadron bombed successfully the harbor of Ronchi Veronese, Italy and Dandolo. An aeroplane which attacked the squadron was put to flight.

Mrs. Boissevain Suffers Relapse Dutch Chamber Votes for Women's Rights

LOS ANGELES, Nov. 17.—Mrs. Inez Millholland Boissevain of New York passed a bad night. It was said today at the hospital where she has been since her collapse a month ago during her suffrage campaign. She seemed to have been stimulated early last night by the sixth transfusion of blood to her system, but later she suffered a relapse.

Monastir's Fall In Three Days Seems Certain

French, Italian, Russian and Serbians Fighting Through Snow and Mud.

LONDON, Nov. 17.—Fall of Monastir within three days was confidently predicted here today with receipt of fresh news of the victorious progress toward the Macedonian city of French, Italian, Russian and Serbian forces. Fighting through snow, sleet and mud, the four allies have impetuously swung twice in flanking movements of gigantic magnitude and have a viselike grip on the Monastir neighborhood.

General Sarrail refused to be drawn into attacking the Bulgarian defenses to the south of Monastir—defenses which Sofia sometime ago pronounced impregnable—and according to all reports which reach here from the front, the Bulgarian army is being driven back from these positions, without their hardly striking a blow by threat of a strong enveloping movement.

British and Germans Dispute Ancere Result

LONDON, Nov. 17.—Another attack along the Ancere yesterday netted further gains for the British. The war office announced today that the British front had been extended east from Beaumont on the north bank of the Ancere.

Portland Police Raid Steamer, Get Whisky

PORTLAND, Ore., Nov. 17.—Raiding the steamer Breakwater of San Francisco today a police posse arrested three men and confiscated 100 quarts of whisky. Those under arrest are Arthur Lee, Jack Leslie, ship's cook, and H. Hubert, watchman. Lee is alleged to have had charge of the shipment and to have carried an automobile load of whisky from the steamer shortly after its arrival. Lee is out on \$500 bail.

Michael Vladimirovitch Rodzianko Re-elected

PETROGRAD, Nov. 17.—Michael Vladimirovitch Rodzianko has been re-elected president of the Duma. M. Rodzianko has presided over the Duma since 1911, being re-elected each year since that time. He is a native of Ekaterinburg.

Two Ships Sunk

LONDON, Nov. 17.—The Norwegian steamer Torridal has been sunk, according to an announcement at Lloyd's shipping agency. It was reported that the British steamer F. Mattarazzo had been abandoned by her crew. The F. Mattarazzo, of 2863 tons gross, was formerly the Ennisbrook.

UNDERSEAS CARGO BOAT IN SMASH; FIVE DEAD

Deutschland Sets Out on Its Homeward Voyage, But Has Accident a Few Hours After Leaving and Comes Back

CAPTAIN HINCH HAS NARROW DEATH ESCAPE

Representative of Big Eastern Forwarding Company Only One of Six to Escape From Escort As She Is Crushed

(By ASSOCIATED PRESS.) NEW LONDON, Nov. 17.—Five members of the crew of the tug T. A. Scott Jr., which accompanied the German submarine Deutschland on her return trip to Bremen, were drowned when the submersible and the tug collided in the Race, about twelve miles from this port. The only person on the tug who was Captain Fred Hinch of the German interned liner Nectar. The tug, which belonged to the T. A. Scott Wrecking Company, went to the bottom.

The Deutschland returned to her dock at 5:15 o'clock. The list of dead includes: Captain John Gurney, Engineer William A. Caton, Fireman Edward Stone, Stoker Cook Clarence B. Davison, Deckhand Eugene Duzant.

ALL IN A MINUTE The accident happened all in a minute, according to a witness who talked briefly about it this morning. The tug, he said, got in front of the submarine and the Deutschland struck it in the stern, lifting it as fast as water that the tug's nose went under.

"An explosion of the boiler of the tug followed immediately," Captain Hinch said. "The tug was holed and caught on fire. When he reappeared on the surface, he managed to seize a life preserver thrown out of the Deutschland and was hauled aboard that craft."

Together in a relatively smooth sea. When it was apparent that the tug was fatally rammed the crew began to "overboard," Hinch said. "The life preserver thrown out by the Deutschland's crew."

OFFICIALS HOLD CONFERENCE Captain Koelg of the Deutschland appeared pale and shaken as he stepped ashore from the vessel on its return. He refused to talk about the collision and immediately sent word to Vice-President Paul G. Hilken of the Eastern Forwarding Company, who arrived at the company's offices shortly afterward and went into consultation with him.

In the absence of authoritative information considerable speculation as to the cause of the accident was current. Among shipping men, the opinion was expressed that the steering gear of the submersible may have been at fault, so that the tug had been at the helm immediately after being struck was taken to indicate that the blow must have been a powerful one and must have come with unexpected suddenness.

Captain Hinch returned to port on board the Deutschland. Although the Deutschland apparently had been ready for her departure for some days, Hinch said, the vessel was not expected to leave until the evening in his usual manner about the city. He called at two hotels and shook hands with friends. When he smiled and said he did not know.

PREPARES TO DEPART

After leaving a theater the captain strode down to the state pier, stopping to converse with the officers. Preparations had been made for leaving. The machinery of the boat had been tested days before and the craft was provisioned. First the light was extinguished and the launch of the North German Lloyd liner Villehad scurried down the river to see that the course was clear. The steel net that had protected the entrance to the pier was hauled up.

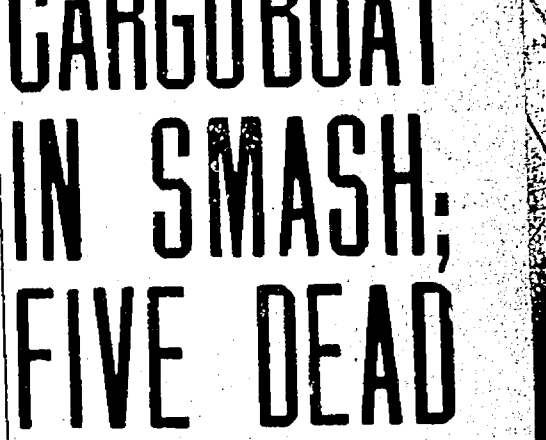

Failure of the tugs to return at an early hour led to much speculation, but it was believed that a boat accompanying the submersible well beyond the three-mile limit.

Vice-President Paul G. Hilken of the Eastern Forwarding Company, American agents for the submersible, issued a statement today. It was issued by the company, probably tonight, as soon as it was in possession of full information. He added:

The drowning of the crew of the T. A. Scott Jr. is a much regrettable occurrence and none feels it more keenly than the officials of the forwarding company and the officers and men of the Deutschland. That it was unavoidable goes without saying.

An investigation into the accident was started late today by William E. Withney, United States steamship inspector, and Harry Rankin, his assistant. Captain Koelg and his officers of the Deutschland were present.

DAMAGE SLIGHT. BALTIMORE, Nov. 17.—The damage to the Deutschland apparently was slight, according to officials of the North German Lloyd line here, who got into long distance telephone communication with the officers of the Eastern Forwarding Company at New London. A thorough examination, however, would be made as soon as they said, to determine the exact damage.

# GREEK KING ASSERTS HE IS SINCERE

Court Circles Base Great Hopes  
That the Visit to Athens of  
French Diplomats Will Have  
Effect of Allaying Suspicion

Constantine Said to Feel That  
Rumania's Entrance Into the  
War Has Proved Detriment to  
Allies and Greece Might, Too

ATHENS, Nov. 17.—Court circles in Greece base the greatest hopes on the visits of General Roques, the French minister of war, and M. Benzel, member of the French Chamber of Deputies. The Associated Press is informed that the King believes he has persuaded both as to his absolute sincerity and the groundlessness of the suspicion that the Greek royal family has ever been hostile to the entente powers.

Prince Nicholas laid stress on the fact that the King has repeatedly given his royal word that he would not, under any circumstances, attack the entente allied troops, and recalled the fact that the monarch not only had never said that he would not go to war with Germany, but had specifically left that possibility open.

Prince Nicholas reviewed the steps King Constantine had taken to join with the entente allies two months ago and declared that if he had not met with success this could not be attributed to the King. He pointed out the difficulties which the suspicions entertained by the allied powers of the monarch's intentions had created in Greece, dividing the country into two sections, neither of which could be of full military value to the entente, which the latter had the right to expect if they accepted Greece as an ally at all.

## KING SEES WEAKNESS.

Prince Nicholas said the purpose of his and Prince Andre's visits to London, Paris and Petrograd had been to convince the entente allied powers of the real intentions of the Greek sovereign and expressed satisfaction that the winter season prevents the prospect of immediate military action on the Saloniki front and gives time to adjust public opinion, not only in England, France and Russia, but in Greece as well, toward a possible change in the attitude of the Greek government in the spring.

King Constantine's viewpoint, according to the Prince, was that the entry of Rumania into the war on the side of the allies had proved a weakness to them instead of an assistance, and the King was not willing even to consider any action on the part of Greece which might be susceptible of having a similar effect. It is generally thought in Athens that General Roques' conversations with the King may mean a closer understanding between the Greek government and the entente, as well as an arrangement of the numerous details respecting the disposition of the Greek troops and the freedom of Greek officers to join the Venizelot movement, if they desire.

## TO MAINTAIN ZONE.

LONDON, Nov. 17.—General Roques, the French minister of war, has informed the Greek government that General Sarail has sent troops to maintain a neutral zone along the frontier of Old Greece, according to a despatch to the Times from Athens.

# Baseball Costumes Are Puzzle; Bloomers or Skirts? Is Issue

WHO SAYS THE BASEBALL SEASON IS OVER? OLGA BAEHR (LEFT) AND LOUISE OROLL, WHO ARE CANDIDATES FOR HIGH SCHOOL TEAM AT ALAMEDA, THEY WILL PLAY IN MATCH GAMES AGAINST GIRLS FROM FREMONT HIGH AND FROM PALO ALTO HIGH.

Whether to play in "middies" and short skirts or "middies" and bloomers? That is the question that is bothering the heads of a score of Alameda high school girls who are to cross bats on the baseball diamond with the girls of Fremont high school in Oakland and with the Palo Alto girls.

It is to be regular baseball, the girls say, and the practice stunts to be seen every afternoon on the school playgrounds bear out the assertion. Tomorrow the team will play Fremont. This is to be a practice game, the Alameda girls declare. On next Saturday the "big" game of the year will be played when Palo Alto high school is the opponent. Irene Williamson is to captain the team and others who may have places are: Elizabeth Garrett, Martha Hyde, Margaret Hyde, Winifred Aydelot, Gladys Nobman, Elsie Morgan, Doris

Haslam, Leona Fleckenstein, Francis Seward, Louise Oroll, Olga Baehr, Ruth Hendrickson, Ruth Crane and Alice Toague.

## Polish Relief Fund Contributions Told

BERLIN, Nov. 17.—The president of the Polish Relief Committee at Vevey, Switzerland, according to the Overseas News Agency, publishes interesting records of the amounts raised by church collections for Poland since the appeal of Pope Benedict in November, 1915. The total amount is placed at 3,791,000 francs. Of this amount Germany contributed 1,601,000; the United States 708,000; Austria-Hungary 308,000; Ireland 288,000; England 146,000; Canada 129,000; France 113,000; Italy 112,000; Belgium 94,000; Russia 85,000.

## THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood. If the blood is very impure, the bones become diseased; the muscles become enfeebled, the step loses its elasticity, and there is inability to perform the usual amount of labor. The skin loses its clearness, and pimples, blotches and other eruptions appear. Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula and other humors, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. Be sure to get Hood's and get it today. All druggists.—Advertisement.

# PRISONERS SUFFER IN GERMAN CAMPS

French Captives Are Starving,  
Declared in Report of  
Official.

NEW YORK, Nov. 17.—Prisoners from the invaded portions of France held in German prison camps virtually have to subsist on such supplies as are sent to them and those unfortunates who have no one to look after their individual wants face a "very terrible" fate, according to Dr. M. P. Roosboom, assistant secretary of the permanent court of arbitration at The Hague, who arrived here today from Rotterdam on the steamship Nieuw Amsterdam. Dr. Roosboom, in a statement issued on his arrival, said his mission here was mainly to interest Americans in the relief work now being carried on in Holland for these prisoners. He said:

Recently I was able to visit several prison camps in Germany in an unofficial way, an advantage in that my visit was not announced beforehand and was able to see conditions as they actually are. The poor prisoners can get no news or parcels from their home people and are likely to starve unless help is sent them. Their plight is being relieved to the fullest extent possible by the people of Poland, individuals there adopting an individual committee and sending packages at least twice a month containing necessities of life. We cannot care for all of them and many of the pitiful appeals we receive have to be ignored because of lack of funds.

# Russia Denies Peace Pact Tale

Official Statement Sent  
to Neutrals

PETROGRAD, Nov. 17.—The minister of foreign affairs has sent a telegram to all Russian representatives in allied countries declaring Russia's firm determination not to make a separate peace under any circumstances according to the semi-official news agency. The text of the telegram follows:

Petrograd, Nov. 16, 1916.—Reports spread abroad recently by the press of certain countries of pretended secret peace parleys being carried on between Russia and Germany, with the object of signing a separate peace are futile and make no impression on the Russian government. The imperial government desires to declare in the most categorical manner that these absurd rumors can only find force in enemy countries. You are charged to give the largest publicity to the preceding and to bring the contents of this telegram to the knowledge of the government to which you are accredited.

## Trimmed Hats For Women \$4.45 and \$7.45

The prices are equally important. These assortments include gold and silver lace poke bonnets with crown of velvet and fur; high crown mushroom shapes in white satin and panne velvet and the very popular straight brim saloons with sunken crown. Come expecting the season's best values in millinery and you will not be disappointed.

## Children's Hats 50c, \$1.45 and \$2.45

This triple-priced lot includes black velvet mushrooms and poke bonnets. They are trimmed with flowers and ribbon and the poke bonnets are faced with shirred silk in Copenhagen, light blue, rose and pink. Others are made of broadened velvet and trimmed with fur. The colors are rose, white, Copenhagen, navy and brown.

## W.B. Corsets \$2.00

We call your attention to Model 443, which is illustrated on the left. Designed for stout figures. Firmly boned and equipped with wedge-shaped front, stay and elastic inserts in the back. The sizes range from 21 to 36.

## Corset Covers and Camisoles

We have dozens of them at prices ranging from 50c to \$2.50. Choice of wash satin or crepe de chine in flesh or white. Each garment daintily trimmed—beautiful as well as serviceable.

## Serge Middies \$3.45 For Girls

Specially designed for ages 8 to 14. Made of a fine quality blue serge with white lacing on front and side and rows of white braid on collar, cuffs and pocket.

## Serge Skirts \$2.50

They match the middies mentioned above. Pleated models with semi-fitted white waists.

## Flannel Middies \$2.50

This lot in sizes 8 to 18. The new model with large collar that can be worn high or low. They are braided trimmed. Specially priced at \$2.50.

## Flannel Skirts \$1.95

New pleated styles with white waists that button in the back. For ages 8 to 12.

## Important Neckwear Sale 29c

A lot of about 50 dozen—samples, etc. Good selection in single collars, collar and cuff sets and vestees. You will be impressed with the importance of the prices the moment you see the neckwear.

Shown in the Bargain Booth on the Main Floor.

## Gloves at Modest Prices

At the present time gloves are being held at famine prices. We give you the advantage of our early buying. We mention six features today.

Cape Gloves, \$1.15 a pair—One-clasp style in tan only.

White Kid Gloves, \$1.25 a pair—Two-clasp style; oversown.

Mocho Gloves, \$1.25—One-clasp style with three rows of black stitching on the back.

White Kid Gloves, \$1.35 a pair—One-clasp style, fancy black stitching.

Kid Gloves, \$1.50 a pair—Two-clasp style, white and black; black with white stitching.

White Kid Gloves, \$1.75 a pair—Two-clasp style with three rows of black fancy stitching.

Neal Institute, 1550 Fell Street, San Francisco. Phone West 583.

60 Neal Institutes in 60 principal cities.

## Fishermen Swept to Sea in Light Boat

EUREKA, Nov. 17.—While fishing at the mouth of the Eel river yesterday, James Thornton and Joseph Fry of Arcata, in a rowboat, were swept out across the bar to sea by a strong current. Adrift at sea in a rowboat, the men first attempted to stem the tide and work back into the river. Falling in this, and unable to secure help, they started to row in their light boat to Trinidad, a distance of thirty miles. After a long pull, they arrived there during the early morning and effected a landing.

## WILSON GAIN AS COUNT PROCEEDS

Fifty-three Out of 58 Counties in State Give President 198,482; Hughes Getting 183,703, Which Is 14,247 Less

Full Returns Expected to Make Changes That Will Give the Democrats An Official Plurality of 3,451 Votes in State

SAN FRANCISCO, Nov. 17.—While official compilation of the vote cast at the recent Presidential election was under way at Sacramento, under personal supervision of Secretary of State Jordan, official returns of all but five of the fifty-eight counties in the state were tabulated by the United Press today. These fifty-three counties showed a net gain for Wilson over his unofficial pluralities of 532. The totals were: Hughes, 183,703; Wilson, 198,482, a lead for Wilson of 14,779. The same fifty-three counties, in the unofficial count, gave Wilson a lead of 14,247. In the five counties which have not yet completed the official count Hughes has a lead of 10,706 in the unofficial returns. This would indicate a lead of 3541 for Wilson in the state, on the basis of fifty-three official county returns and five unofficial.

This plurality figure will be changed, of course, when the full return is in. Hughes has shown gains in Los Angeles county and Wilson in Alameda and San Francisco counties, and none of these counties has completed the official count as yet.

Secretary of State Jordan announced that he had requested the Republican and Democratic state chairmen to send representatives to Sacramento to watch the official tally there and to assist him in compiling figures. He is anxious to have all parties satisfied when he certifies the official return to the electoral college.

The canvass in San Francisco and Los Angeles counties is slow, however, in a few precincts in both counties the commissioners have discovered small errors, which led the Republican or Democratic watchers to demand the rejection of whole precincts. So far, however, no whole precinct has been thrown out.

With the vote of all precincts in the county canvassed today President Woodrow Wilson has a net gain of 23 votes over Charles Evans Hughes, as compared with the unofficial figures given out shortly after election, according to the Supervisors today. This afternoon the board members are totaling the returns on all fights, and the work of officially canvassing Alameda county's vote will be completed early tomorrow.

Wilson had a net gain of 23 votes when the tallying was stopped last night. Hughes made a gain of five votes in one precinct today, however, and the net gain of 23 votes credited to Wilson is final and official.

In practically all of the 416 precincts in the county the official canvass evidenced the fact that the women presidential electors on both the Republican and Democratic tickets ran slightly behind the men electors. So far as Alameda county is concerned the difference is not large enough to indicate a split electorate.

## HUGHES' LEAD CUT.

ST. PAUL, Nov. 17.—The Hughes lead suffered a severe cut today, with the addition of official returns from eighteen more counties and of the returns from Hennepen included, made the Wilson total 182,182 and Hughes 182,246. This left Hughes' plurality at 64.

## Democrats to Have Permanent Quarters

WASHINGTON, Nov. 17.—Vance C. McCormick, chairman of the Democratic national committee, and Homer Cummings, vice-chairman, conferred with President Wilson today and arranged to establish here permanent headquarters for the Democratic national committee. Charles Hollister, assistant secretary, will be in charge.

## FRUIT MEN HEAR TRADE PROBLEMS

Growers' Convention at Napa Addressed by Experts on State Conditions.

NAPA, Nov. 17.—Use of the parcel post in the marketing of fruit, improvement of nursery stock and the question of profitable disposition of fruits not up to standard were among the topics discussed today at the final sessions of the California Fruit Growers' convention.

Disposition of sub-grade fruit was the theme of H. C. Rowley of Stockton, publisher of the California Fruit News this morning, and A. L. Wiktor, Grass Valley nurseryman, discussed "Improvement of Nursery Stock."

This after S. Glenn Andrus, secretary of the Sacramento Chamber of Commerce, told of the possibilities of the parcel post for direct-to-consumer marketing were made by E. L. Wood, professor of rural institutions, University of California, spoke on "Rural Credits."

LIVERMORE, Nov. 17.—A sale of 1500 head of sheep was made by James Gallagher Jr. to L. G. Low of Berkeley. Gallagher received \$10.50 per head, which is the highest price ever received in the history of sheep raising in this vicinity. Three hundred and fifty head of stock cattle has arrived from Marysville, which have been purchased by J. J. May.

## GUARD OFFICER ANSWERS DIVORCE

Col. Shaftey Says That Wife Objected to His Recreations.

SAN FRANCISCO, Nov. 17.—Colonel George A. Shaftey, former commander of the Coast Artillery Corps of the National Guard, stationed at San Francisco, and a prominent architect, who recently brought suit for divorce against his wife, Martha, today answered at length her cross-complaint denying many of her charges. He asserts that he did not desert her without cause and reiterates his accusation in the original suit, in which he says that she accused him of wasting his time with the National Guard, and adds that she opposed everything he wanted to do and everything that contributed to his pleasure. He reports that he was retained as a supervising architect by the National Guard, and that it was a mixture of business and pleasure with him, but denies that he was in receipt of \$350 monthly from a New York firm of architects or that he had other large fees. He announces his willingness to pay his wife \$100 alimony, which, he says, should be sufficient for her and their child.

## Campaign Causes Women's Collapse

Three of Hughes Party Suffer Breakdown

NEW YORK, Nov. 17.—Three members of the women's Hughes campaign train, in addition to Mrs. Theodor Mithelland-Boisnevalne, who is seriously ill in Los Angeles, broke down as a result of the strenuous campaign in the West, according to Miss Alice Paul, national chairman of the woman's party.

"When the men speakers go out on such long campaign trips," Miss Paul declared, "they have private cars and physical directors to care for them. Our girls traveled on small allowances, often taking upper berths and going without many of the comforts of travel. They had to travel long distances at night, to lose no time during the day when they could be making speeches."

The members of the woman's party who have been able to reach New York will be guests at a dinner tonight given by prominent suffragists.

BUILDING TRADES DANCE. RICHMOND, Nov. 17.—Tomorrow evening, in Polytechnic hall, the Building Trades will give a grand ball. Good music has been secured for the occasion and an enjoyable evening is anticipated. Those in charge are J. O. Dahl, H. C. Fenton and F. W. Heckman.

## LIONESS ESCAPES AND CAUSES PANIC

Trained Animal Act Watched by Audience Almost Ends in Tragedy.

KANSAS CITY, Mo., Nov. 17.—A trained lioness which escaped from her cage in a theater in Kansas City, Kan., last night caused an audience of more than 300 persons to flee in panic. So great was the force of the crowd as it rushed for safety that the front and sides of the one-story building were pushed out in the rush for the street and a score of persons were injured. The trainer and several policemen caged the animal before she could attack the audience.

The lioness was being put through a series of tricks when she suddenly rushed with great force upon the gate of the cage. The trainer was knocked aside and the animal bounded over the stage toward the audience.

Electric connections were broken and the house thrown into darkness as the crowd pushed against the walls, fighting for the exits. The lioness was crouched near the stage. Policemen were ready to shoot her when the trainer asked that they shoot into the floor. They complied, the shots intimidating the beast to the extent that she was driven back into her cage with sticks and poles.

**Gertrude Lamson to Recover, Say Doctors**  
SACRAMENTO, Nov. 17.—Continued improvement was reported today in the case of Gertrude Lamson, 16-year-old girl who was operated upon for appendicitis in the Oroville Hospital yesterday. She is said to be rapidly gaining strength.

The girl was visited by her parents shortly after the operation was performed. Her mother and father had agreed to abide by a court ruling that if they were permitted to call on the girl they would not question her as to where she has been living, and also that they would not mention the name of Rev. Madison Slaughter.

SACRAMENTO, Nov. 17.—Sacramento turned out by the thousands yesterday to welcome home its soldier boys of the Second regiment, who have been in the service of the country for the last four and one-half months on the Mexican border. Wives, mothers, sweethearts, fathers and relatives were at the Southern Pacific station long before the special train bearing the soldiers was scheduled to arrive. In addition, there were present state, county and city officials, as well as members of the Grand Army of the Republic and Spanish War Veterans.

**Liley Is Ready to Accept Murder Penalty, Say Police**

**WIFE WILL VISIT HUSBAND IN CELL**

Evidence of Slaying on Mining Claim Five Years Ago Is Prepared.

John Edward Liley, who is said by the authorities of Placer county to have confessed to the murder of Thomas Raffle on a mining claim in Bear Valley five years ago, is ready to face the penalties of the law, according to word received here.

Mrs. Clara Trammell Liley, his young wife, who divulged the information which after three months led to his arrest in Utah, has gone to Auburn, where, for the first time in five years she will face her husband.

In the meantime the question of the award that was offered by the Placer county supervisors for the arrest of the murderer of Raffle has become a subject of interest here as well as at Auburn, where Sheriff George McAulay holds the prisoner.

**TESTIMONY PREPARED.**

It was directly upon information furnished by Attorney Charles M. Shortridge that the trail of Liley was uncovered. His report of the story told by Mrs. Liley to Sheriff Barnett led to an investigation by Deputy Sheriff Joseph Soares, which brought to light considerable of the evidence in the case.

While Mrs. Liley will not be permitted under the law to testify without her husband's consent, the narrative which she related to Attorney Shortridge and others in Oakland three months ago can be used. This, coupled with the identification of the article located by Deputy Soares upon descriptions furnished by the young wife, will be read into the record.

After the murder of Raffle on April 29, 1911, Liley became a wanderer, he says, traveling from place to place in an attempt to conceal his identity. He enlisted in the navy and later tried to join the army under the name of Forbes. In this connection his photograph was taken for future identification and it was this that resulted in his being traced.

**PHOTOS ARE CLEW.**

Those in quest of the murderer located the photograph through the federal criminal bureau at Fort Leavenworth and by classification learned that the same man also had a record at San Quentin. The two photographs were compared and shown to Mrs. Liley, who readily identified them. It then became a matter of tracing Edward "Liley," San Quentin prisoner No. 23218, who was released May 4 this year following a year's term for assault with a deadly weapon in San Bernardino county.

Liley says that he married again at Pasadena and later deserted his wife and went to Utah. It was there on a sheep ranch that he was located by Sheriff McAulay.

The crime which Liley is alleged to

EDWARD J. LILEY.

have confessed was once charged against Herman F. Bremer, another young man who had been seen in the company of Raffle on the day of the murder. He was at Dunsmuir, many miles from the scene of the murder, and he was discharged.

**THANKSGIVING JOY IN NEEDY HOMES**

Y. M. C. A. Boys to Carry Gifts of Dinner to City Families.

Thanksgiving cheer will be carried to homes in Oakland, Alameda and Berkeley in which there would otherwise have been want by 150 boys of the Oakland Young Men's Christian Association. The boys of the Thursday night "Bear Peep" club, boys from the Oakland High School, Technical High, Fremont High and Alameda High, last night held a meeting at which they planned to carry out their Thanksgiving mission of good will.

Names of the families are to be supplied by the Blue Bird Bureau of the Oakland TRIBUNE and by the Associated Charities. The boys will then investigate the needs of each family, and on the night before Thanksgiving, or on Thanksgiving day itself, will carry large baskets, containing substantial food and delicacies, to those in need.

The boys entered enthusiastically upon the plan, which was carried out by the same organization on a scale not quite so comprehensive seven years ago. They are working under the direction of T. C. Caldwell, in charge of boys' activities at the Y. M. C. A.

The boys contemplate that the boys shall interest themselves individually in the problems of the families they will aid. They will inquire into the needs, and will themselves make the necessary purchases. They will go to the store and home and carry their gifts with their own hands.

A short talk was given the boys on the conditions they were seeking to ameliorate by H. L. Sully, representing the Blue Bird Bureau.

**MEAT CAUSE OF LAME BACK AND KIDNEY TROUBLE**

Take a Glass of Salts to Flush Kidneys if Your Back Is Aching.

Noted Authority Says Uric Acid From Meat Irritates the Bladder.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular intake of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, you feel a full misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste eat about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. Advertisement.

**Bread Shortages to Be Discussed at Meeting**

A public mass meeting has been called under the joint auspices of the Socialist party, the Central Labor Council and the Building Trades Council to be held at the Hamilton auditorium, 2140 Broadway, at 8 o'clock to discuss the bread shortage.

The speakers will be Walter Thomas Mills and Caroline A. Lowe of the Socialist party, F. S. Hurley of the Central Labor Council and F. H. Pratt of the Building Trades Council. William Spooner, secretary of the Central Labor Council, will preside.

The building trades will be represented on the platform by W. F. Drury, Tony Quintill and W. E. Riley of the Building Trades and Wm. Spooner, John Altman and F. S. Hurley will represent the Central Labor Council.

**Revolver Fight Is Result of Quarrel**

SAN FRANCISCO, Nov. 17.—A quarrel of long standing between Adolph Eisenberg, barber, of 503 Kearny street, and Thos. Murnel of the Alamo Hotel, 225 Sutter street, is alleged to have been responsible for gunplay near the south entrance to the Stockton street tunnel early this morning that aroused residents of all the neighboring blocks. Following an investigation by Detectives Harrison and Cassel, Murnel was arrested on a charge of assault to murder. Eisenberg told the police that he was on his way home when he met Murnel and exchanged a few words with him. Suddenly, he charges, Murnel drew a revolver and fired a shot in his direction. Murnel denied that he drew a pistol. Taken into custody with Murnel was a woman who gave the name of Tillie Silverstein.

**Gun Play Follows Fist Fight; Man Arrested**

Alleged to have fired a shot at Antonio Gouvia of 63 1/2 Fifth street, Manuel Garcia, a Mexican, living at 103 Seventh street, is in the city prison charged with assault with a deadly weapon. The shooting, which occurred in Moore & Scott's shipyard at the foot of Adeline street, is said to have followed a fist encounter between the two men in which Garcia had the advantage. According to the police, Pegueros retired from the engagement with a black eye and returned later for revenge, accompanied by his brother, David Pegueros. The latter has not yet been apprehended.

**THIEF SMASHES PANEL**

In an attempt to enter the residence of Robert Garnet, 3500 Broadway, last night, an unknown burglar broke a front window and smashed a panel in the kitchen door. An investigation showed that nothing of value had been taken from the premises. Herman Nicolai, 3559 East Fourteenth street, reported that a burglar entered his plumbing shop and stole a quantity of tools and supplies valued at \$23.35.

**FIRE IN WACO.**

WACO, Tex., Nov. 17.—Fire here early today swept the three upper stories of the Interurban hotel and severely damaged a portion of the retail department store of Sanger Brothers' dry goods store, occupying the first floor of the hotel building. The loss is estimated at \$200,000. Three men were injured.

## Relieves Serious Case of Chronic Constipation

Dr. Caldwell's Syrup Pepsin  
Corrects Condition That  
Seemed Hopeless.

After suffering from chronic constipation until she was so run down she was unable to do any kind of work, Miss H. A. Frees, 209 Adams st., Dayton, Ohio, obtained a bottle of Dr. Caldwell's Syrup Pepsin and used it with such gratifying results that she continued the treatment and has written to Dr. Caldwell that her condition is again normal, and that she wants to recommend Syrup Pepsin to every one who suffers with constipation.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, gentle in its action and free from gripping or other pain or discomfort. It contains no opiate or narcotic drug, and, while acting readily on the most stubborn case of inactive bowels, is absolutely safe for the tiniest babe, so that it is the ideal family laxative and should be kept on hand in every household for use when needed.

Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and is sold in drug stores everywhere. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup

Miss H.A. Frees

Pepsin. See that a fac simile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington st., Monticello, Illinois.

## CHURCHILL UTTERS NOTE OF WARNING

Prediction Made in the House  
of Commons Speech That All  
Shipping Will Be Taken Over  
by Government Before Peace

Universal Service Ration Tick-  
ets and National Organiza-  
tion of Agricultural Resources  
Also in Future Prospect, Says

LONDON, Nov. 17.—Colonel Winston Churchill predicted in the House of Commons yesterday that before the end of the war the government would not only take over all British shipping, but that universal service would be ordered, not only for the army but for the general purposes of the war, according to full reports of his speech during the food debate which appear in the papers today.

The former first lord of the admiralty also predicted that it would be necessary to adopt ration tickets for all essentials and that prices would have to be fixed to secure to the poorest classes the power of buying a certain modicum of food. He said he was quite sure that national organization of agricultural resources was inevitable. "We need a great organization," he concluded, "for producing munitions of life just as the government does these things while there is yet time."

## WOMEN TO MAKE SOLDIERS' GIFTS

Christmas Bags to Be Prepared  
for Men at Front in  
Europe.

If there be one who does not thrill to the mere sound of Christmas, let her stay away from the Home clubhouse on Monday, for the most wonderful Christmas party which was ever given is to be held there from early morning to late at night. Nor is the party to be all fun. There will be oceans of work prepared to keep the nimblest fingers busy. For the women from the neighboring cities are invited to meet at the Home clubhouse and on this particular day make bags which will go abroad to brighten the Yuletide of those men who have fallen for their countries and must spend the day, just as inmates of a convalescent hospital. National lines are wiped away. It is the wounded and the sick alone who are to be thought of and made the happier.

The trustees and directors of the East Oakland clubhouse have placed at the disposal of these kindly disposed women their beautiful building and at the noon hour will serve tea and coffee to the skillful workers. The day is to be a frolic for the women as to take their basket lunch. Several large parties are being made up, among the hostesses being Mrs. Dudley Kinsell, Mrs. Glenn Barnhart, Mrs. Arthur Breed and many others.

The bags are to be made of strong denim and filled with all sorts of small comforts, gayly tied in Christmas paper and red ribbons. Many of the merchants have joined in contributing the needed materials and the articles which will bring joy to the wounded. A similar work is being carried on in the various cities. The Red Cross Society has pledged safe conduct to the hospital cases.

The women on Monday will be divided into corps and the work will be conducted on a fine system. The cutters, the wrappers, the luncheon hostesses are being brought into committees. Among those who are interested in the undertaking are Mrs. Ernest Boyes, Mrs. Arthur Breed, Mrs. Grace Grant, Mrs. Robert McGee, Mrs. Fred Taylor, Mrs. Glenn Barnhart, Mrs. F. S. Samuels, Mrs. T. Harry Smith, Mrs. F. M. Smith, Mrs. Geo. Ellis, Mrs. Fred Snook and many others.

## Sweet Tooth Fatal to Mexican Burglar

SAN FRANCISCO, Nov. 17.—Betrayed by a sweet tooth, Frank Lopez, a young Mexican laborer, was captured by the police this morning and lodged in the city prison and is suspected of being the daring burglar who earlier in the week trespassed the home of John McNear, 2230 Washington street, vice-president of the George W. McNear Company, and was almost captured by Mrs. Anita Belle Castleton, a guest. Patrolmen William Quinn and Henry A. Rellly came upon Lopez at 3:45 this morning. He was lurking in a doorway, calmly munching the contents of a box of candy which he had pilfered a few moments before from the dressing table of Miss Dorris Reynolds, 1242 Taylor street. Miss Reynolds and her sister, on retiring, had left a box of candy on a table near the window which opens on the street. The officers saw Lopez, as they thought, climbing on a bit of kinker brick in an effort to get through the window. As they approached he slipped into the doorway and was caught. Miss Reynolds, aroused, identified the candy as hers, and Lopez was hustled off to prison with a burglary charge against his name.

## Theft of Small Sum Leads to Slave Charge

SAN FRANCISCO, Nov. 17.—When Peter Matsuki, a Japanese of 400 Dubois avenue, complained to the police that he had been robbed of \$12.50 by a woman in a hotel at 314 Kearny street this morning, the officers, investigating, captured an alleged white slave. On the strength of Matsuki's story, the police visited the apartment of Della Sears and took her into custody on the grand larceny charge. In her company they found William Wilson, a waiter, and, on the strength of information learned from other sources, charged him with violating the white slave laws, which constitutes a felony.

BECOMES SUPERINTENDENT.  
CHEYENNE, Wyo., Nov. 17.—H. L. Bell, superintendent of terminals of the Ogden Union Railway Company of Ogden, Utah, has been appointed superintendent of the Wyoming division of the Union Pacific Railroad Company, according to an announcement here last night. He succeeds S. H. Toucey.

## HUNGRY OF EUROPE EAT FOOD OF U. S.

High Prices Here Due, Says the Government Report, Heavy Shipments of Supplies to Nations of Continent at War

Unprecedented Volume of Export Business Costs Householders at Home in Ratio As Reserves Are Exchanged

WASHINGTON, Nov. 11.—With an increase of 150 per cent in exports of meats since the outbreak of the war and with a constantly greater proportion of her grain crops leaving the country, America is assuming an even greater share of the burden of feeding stricken Europe. This, in the wake of short crops, is given by government officials as one of the foremost reasons for high prices on foodstuffs.

MUCH MEAT GOES.

During the first eight months of this year—ending with September 1—the United States has shipped abroad more than \$20,000,000 worth of meats and dairy products. This presages a total exportation of these products for the year of nearly a third of a billion dollars. During the same eight months' period of 1914, just preceding the outbreak of the war, the exports totaled but \$30,000,000.

Even with a season on unusually poor crops in practically every grain, the United States has contributed a greater share this year, proportionately, than at any time during the period of the war and before its history. Exportation of the six major grains—wheat, corn, barley, rye, oats and buckwheat—thus far this year has approximately doubled since 1914.

MUCH VEGETABLES.

Shipments of vegetables abroad also have jumped by leaps and bounds. During the eight-month period of this year \$11,558,257 worth of vegetables has left American ports, against \$7,701,210 last year and \$5,413,271 in 1914, a rise of more than one hundred per cent during the war.

The American hen also has been called upon to do her bit. Against an exportation of \$2,117,000 in the first eight months of 1914, the United States has shipped \$2,460,000 worth of eggs during the like period this year.

Wait 25 Years; Get 4 Cents on Each Dollar

NEW YORK, Nov. 17.—The creditors of Abraham Backer, now dead, whose failure surprised the financial world at a time when he was president of various Southern railroads and banks a quarter of a century ago, will receive dividends of less than 4 cents on the dollar, according to the Supreme Court's approval of the report filed by the referee, Abraham Hellenbogen.

Backer was once rated as possessing \$25,000,000. Prospects were apparently excellent that there would be assets of \$1,000,000 because of suits brought successfully in the federal courts in Florida, but the Supreme Court of the United States did not sustain these actions.

## Joe Hillstrom's Ashes Honored

I. W. W. Leader Was Shot One Year Ago

CHICAGO, Nov. 17.—The ashes of Joseph Hillstrom, organizer of the Industrial Workers of the World, who was shot for murder by the state of Utah after trial and conviction a year ago, will be distributed in 600 parchment packets to the delegates of the Industrial Workers of the World at its tenth annual convention, which begins here Sunday.

William D. Haywood, general organizer of the I. W. W., today had the urn containing Hillstrom's ashes brought from Graceland cemetery to the headquarters of the organization. These packets will go to all parts of the world, where memorial meetings will be held to honor Hillstrom's memory, Haywood said.

## RAIL CHIEFS ARE HAILED IN PROBE

Interstate Commerce Commission After Details of Car Shortage Cases.

LOUISVILLE, Ky., Nov. 17.—Commissioner H. C. McChord of the Interstate Commerce Commission, at the opening of today's session of the hearings here in connection with the investigation being made in the methods of exchange and return of freight cars by railroads, ordered subpoenas issued for the executive officers of lines which had been notified to send representatives here and had failed to comply.

On several occasions questions have arisen concerning the status of the car supply on various railroads which could not be answered because those lines were not represented in presenting Commissioner McChord announced it was not his desire to take drastic action to secure the desired representation of railroads who had been notified to appear at the hearing, but he would adopt such a course if it became necessary.

Much of the time of the morning session was occupied by representatives of various carriers in presenting reports showing the progress made by their lines in returning foreign coal and refrigerator cars to the owning roads.

Old Costumer to Be Buried Tomorrow

The funeral of Captain Herman Jahn, one of the old timers of the bay region, whose father and costumer of the old Grand Opera House in San Francisco, who died at his Berkeley home Wednesday, will take place in Berkeley tomorrow morning.

Captain and Mrs. Herman Jahn were well known in the early days in theatrical and public life. Nearly every ball and public ceremony on both sides of the bay was costumed by them. Their storehouse and they furnished the equipment and decorations for many great celebrations.

Captain Jahn came to San Francisco in 1876 from Holtenau, after emigrating from Germany. He went into the costume business in Stockton and later removed to San Francisco.

Before coming to America he accompanied his father to the Crimean war. He enlisted in the Eighth New York Volunteers at the outbreak of the civil war and went through several engagements, including the battle of Bull Run. After serving in the artillery he was mustered out at the close of the war as captain of the New York Light Battery. He served twelve years as foreman in the navy yard at Mare Island.

Surviving him are a widow, Madam Anna Jahn; a daughter, the wife of Fred Emerson Brooks, the poet; six grandchildren and nine great-grandchildren.

## DOHENY WINS A HALF MILLION

Oil Man Bets on Wilson and Collects Nice Sum on Results.

NEW YORK, Nov. 17.—Evan Wall street gasped when it learned of the half-million dollar bet won by Edward L. Doheny on the election of President Wilson. And it takes something to make the street talk of millions as smokers talk of coupons. It is some distinction to be the winner of the largest wager ever made on a Presidential election, but it is a mere trifle in the history of "Lucky Strike" Doheny, one of the wealthiest oil producers in the world.

Doheny, accompanied by Mrs. Doheny and a party of friends, will leave New York soon on his yacht Esmeralda for a cruise to Havana, Tampa and New Orleans. Doheny will then proceed to California to cast an electoral vote for President Wilson. He was chosen an elector in Los Angeles county, where he makes his home.

MEDIA "BAG O' SHELLS."

Half a million dollars is of such inconsequence that Doheny dismissed the subject of the wager by remarking: "It's a mere incident. If I had lost it would also have been a mere incident."

Doheny has been doing big things so long that a half-million-dollar winning means but little in his life. Doheny is president of the Pan-American Petroleum and Transport Company, which owns 600,000 acres of oil land in Mexico. This land is valued at \$50,000,000 and represents 75 per cent of the oil production of that country. The company has in commission or being built some twenty steamers and operates a score of refineries in Mexico and the United States.

EDWARD L. DOHENY.

"Lucky Strike" Doheny as he has been called by those who know his history as a discoverer of oil in California, was born in Fond du Lac, Wis., on August 10, 1855. He came to San Francisco on both his father's and mother's side. In 1882 Doheny started life as a government surveyor in Indian Territory and then went into Mexico on a geological survey.

HIS LUCKY STRIKE.

In 1891 in Los Angeles Doheny made his first big oil strike. Later he struck oil at Fullerton, Cal., and in the Kern river valley. When oil was discovered near Tampico, Mexico, he organized the Mexican Petroleum Company. This company has grown until it is now one of the largest companies in the world.

TO GIVE DANCE.

Roseland Court will give a dance and card party at Brooklyn Masonic Temple tomorrow evening.

## MOONEY TO FACE TRIAL JURY JAN. 3

Labor Union Man Involved in Parade Bomb Outrage Hears From Cockran.

SAN FRANCISCO, Nov. 17.—Thé trial of Thomas Mooney, labor agitator, indicted for murder in connection with the preparedness parade outrage, with Bourke Cockran, noted New York lawyer, orator and Democratic politician, in the role of chief counsel for the defense, will begin on January 3. Proceedings looking toward a continuance to that date in order to serve the convenience of the noted lawyer as well as to accommodate Superior Judge Franklin Griffin were begun today.

It was pointed out that the Christmas holidays would interfere with the completion of the case should it be begun on December 4, as scheduled.

Attorney Maxwell McNutt appeared before Judge Griffin in chambers and requested the continuance. Judge Griffin said he thought the minds of most of the public would be won on their Christmas shopping and that he sympathized with Cockran's desire to remain in New York for the holiday season.

Mooney, who had been anxious over Cockran's coming, received a telegram only today assuring him that Cockran would be here on December 3 and asking him to have no worry.

The charges against Warren K. Billings, Israel Weinberg, Edward Nolan and Mrs. Rena Mooney were all continued until the same day. McNutt announced that he would make the same motion before Judges Dunne and Cabaniss, where similar cases are pending. It is believed that Weinberg may protest as it was announced that he would be tried on November 27 in Judge Dunne's court.

HELD FOR STABBING.

SAN FRANCISCO, Nov. 17.—Samuel Philipson, a miner, temporarily residing at 420 Jones street, was arrested for assault with a deadly weapon this morning following an unusual stabbing in a saloon at 401 Ellis street, at midnight. Benjamin Washburn, a salesman, living at the Continental Hotel, was drinking at the bar when Philipson entered. The latter was invited to join in a glass of beer. Washburn alleged that Philipson, without provocation, drew a knife and cut him in the neck. He was treated at the Central Emergency Hospital.

KILLED BY LOG.

NEWBERG, Ore., Nov. 17.—Glen C. Dasset, manager of the Spaulding Logging Company, was killed last night when a log slipped from a derrick which he was standing, struck him and broke his back. He died within a few minutes. He left a widow and nine children.

## Good Morning!

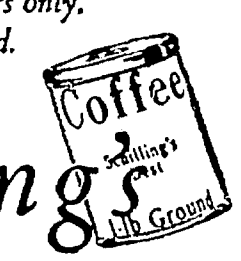

IF there's a man in your house who has to fuss with his collar or his razor sometimes, and then comes down to breakfast almost ready to start a grouch:

You don't know how often that steaming coffee-pot of yours has chased away the clouds—let his smiles shine through—made him say "Good morning," and feel it!

There'd be more such "good mornings" if people would n't jump at the conclusion that fine coffee is extravagant. Not at all. Schilling's costs more per pound—you expect that; but its flavor is so rich that a pound makes considerably more cups.

One reason is, of course, that the vacuum-sealed tins preserve its strength and protect its fine flavor—positively.

Sold through grocers only.  
40 cents a pound.

# Schilling's

## Concrete Lining for Canal Recommended

SAN FRANCISCO, Nov. 17.—"Before the Panama canal will be successful it must be drained, and the sides and bottom of the Culebra cut for a long distance laid with concrete."

This statement was made to the members of the Home Industry League at their luncheon by C. A. Harp, an Oakland engineer, formerly with the Southern Pacific Company. Harp is just back from the canal.

"For a long stretch the canal is cut through rock that acts as a sponge," declared Harp.

"Even after all the cave-ins are mended it will not be possible to use the canal for more than two-thirds of the year."

## Youth Who Robbed Store Is Captured

The mystery of the daylight robbery of the jewelry store of Meyer Lewis, 1112 Washington street, early Wednesday morning by the smashing of a plate-glass show window was solved today with the arrest of a 15-year-old cripple, Lucien Nicholas, who admitted that he recently escaped from the detention home at San Jose. The boy has lost his right leg through an accident and uses crutches.

Nicholas confessed to breaking the window and taking a few articles of jewelry. He also confessed that he stole an automobile in Stockton a few days ago, drove the machine to a point near Tracy and abandoned it. He has been turned over to the probation officer and will be returned to the San Jose authorities.

## Kept Her Moving, Is Wife's Complaint

WILLOWS, Nov. 17.—Mrs. Mabel A. Stokes' divorce suit against W. R. Stokes, was heard in the Superior Court and the case was taken under advisement by Judge W. M. Pritch.

Mrs. Stokes alleges cruelty, among the specific allegations being that her husband kept her moving continually from the home of one of his relatives to another.

## HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY.

People who are overburdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from this fat. You can reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercises, here is a real work-trying. Spend as much time as you can in the open air, breathe deeply and get from Dr. Doherty's Fat Reducer, San Pablo and Sixteenth street, or any good drugstore a box of oil of korein capsules. Take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, helps digestion. Even a few days' treatment has been reported to show a noticeable reduction in weight, footprints become lighter, your work seems easier and a lighter and a less buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.

# WOMEN WILL RENEW HALF FARE FIGHT

Club Members Plan to Reopen Case Before Commission; Contend Body Has Right to Compel Reduction Regardless

Railroad Body Says Street Car Company Can Lower Rate of Own Accord, But That Law Cannot Force the Concession

The mothers' clubs of Oakland and Berkeley are not content to rest quietly by and see the Alameda county school children deprived of the half-fare to which they are entitled. They are entitled, and today appealed to the Railroad Commission for a rehearing of their complaint against the San Francisco-Oakland Terminal Railways.

The Elvina S. Beals and the other women who appeared before the commission contend in their application for a rehearing that the commission has misconstrued the meaning and effect of section 17, subdivision 3, of the public utilities act.

They say that to construe this act as holding reduced rates to school children to be discriminatory is wrong, and that the commission, by not righting it made by the railroad company, is to reflect discredit on the legislature in countenancing unjust acts on the part of the company.

They also allege that no construction of an act is permitted which imparts improprieties to the sovereign power (the Railroad Commission), as section 32 of the public utilities act, which gives the commission jurisdiction over all rates of railroad companies, and that it is vital to the state that the commission shall not disclaim such jurisdiction.

The Alameda county women are determined to continue the fight for the 2½-cent school children's fare already enjoyed by the children of San Francisco.

## U. S. PRISONS TO BE UNDER PROBE

Thomas Mott Osborne Is Commissioned to Make New Penal Rules.

WASHINGTON, Nov. 17.—Thomas Mott Osborne, former warden of Sing Sing, has undertaken a study of prison systems in the navy to recommend a reform of system of administration. Osborne agreed to make the study at the request of Secretary Daniels. "There has been a gradual lessening of the more severe punishments of navy prisoners for some time," said Secretary Daniels today. "The result of the movement already has been manifested. Against 600 men in navy prisons today there were 1800 three years ago."

Osborne will submit a report upon the conclusion of his study and this wholly with the view of making a new code of disciplinary action for navy men. The first study will be that of the prisons at the Portsmouth N. H. station.

**Russian Loan to**

**Be Urged by Experts**

NEW YORK, Nov. 17.—Five hundred bond salesmen who will market the new \$50,000,000 Russian loan will have the stimulus of personal coaching by some of the most prominent financiers in the country. The salesmen were addressed here last night by Henry P. Davison, president of J. P. Morgan & Co., Frank A. Vanderlip, president of the National City Bank, and other leading bankers. The speakers emphasized the necessity of making new loans to Russia to prevent further accumulation of gold from the treasures of Great Britain and her allies.

## Heavy-weight Police Race After Suspect

SAN FRANCISCO, Nov. 17.—Patrolmen Dooling and Gurtler, two of the Central station's heavyweights, took off in a dozen pounds at this morning when they ran a relay and successfully captured an alleged robber. The two officers were standing on Broadway when they were astonished to see a man attempt to hold up Charles C. Crane of 1325 Stockton street, a half-block off. They pursued the robber, who quickly took to his heels, and the chase led to the fifth floor of a lodging house at 1325 Stockton street, where, under a bed, they finally located Francisco Martinez. He was booked for attempted robbery.

## Delegates Ask for Federal Inquiry

PEORIA, Ill., Nov. 17.—Delegates to the special convention of the Illinois division, United Mine Workers of America, called to hear impeachment charges against the president, Frank Harrington, today adopted a resolution addressed to President Wilson asking a federal investigation into the high price of foodstuffs and suggesting an embargo on shipments to foreign countries. The resolution says the convention represents 82,000 Illinois miners.

## CHURCH HITS FUNSTON.

NORFOLK, Va., Nov. 17.—The Baptist General Association of Virginia has adopted a protest against the reported conversion of General Funston in informing the Rev. Dr. J. B. Gambrell, representing the Texas Baptist State Board, that he could conduct religious services among soldiers at the border, but must not tell them they were "lost sinners."

## PRESIDENT'S TURKEY SHIPPED.

LAWTON, Okla., Nov. 17.—Turkey for President Wilson's Thanksgiving dinner—25 pounds of it, a single bird which was the king of numerous flocks in Oklahoma, which were searched for the finest turkey to be obtained in this state—has been shipped to the White House by George H. Block, a local hotelman.

## Old Grace Barton To "Blow Up"

Ancient Bay Craft in a Movie Thriller

The old river steamer Grace Barton, which has been on every bay and river run out of San Francisco and Oakland, called today on what is to be her last trip. She is to be blown up to furnish a movie thrill. The Barton left San Francisco this morning for Rio Vista, on the Sacramento river, taking along a company of movie actors who are to produce a \$40,000 film, culminating in the destruction of the boat. The Barton will be at Rio Vista for about a week while most of the film is made. Then she will return to San Francisco and her boilers and machinery will be removed before the final thrill of the movie play sends her to Davy Jones' locker.

The Barton has had a long and varied career. She has been on the salt run, on the sugar refinery run to Crockett, on the Selby smelter run, on the Petaluma, Napa and San Rafael creek runs. She has run to Port Alviso in Santa Clara county; has navigated the Sacramento and San Joaquin rivers and nearly every slough and creek large enough to float a rowboat. Small as the light draft, the Barton has been able to go where the larger boats were barred. For traveling overland, while jumping out of narrow waterways and sloughs on dark nights, the Barton probably holds the Pacific Coast record. She is no chicken, the Barton. She is older than most of the men and women of the movie world and the crew who are making the trip to Rio Vista. She has laid up in Oakland harbor much of the time in later years, but was always available in an emergency and, like a pinch hitter, frequently came through when no other boat was ready to save a situation.

The movie drama to be filmed with the aid of the Barton is to depict Mississippi river steamboat scenes in the early days of Mark Twain. Captain Horace Bell, veteran bay and river captain, is in command of the Barton on her farewell trip and O. F. Adams of 8336 Clark street, Oakland, is chief engineer.

## 'FUME BOMB' CASE ALLEGED FRAME-UP

Judge Oppenheim Frees Man Convicted on Questioned Testimony.

Investigation as to whether Rufus F. Patterson, former special investigator for the Merchants' and Manufacturers' Association, was instrumental in "framing" evidence to convict Nelson Carol of placing a "fume bomb" in a local cafe, was ordered today by Judge Judge Oppenheim. Judge Oppenheim demanded that the matter be brought before the district attorney and the grand jury, and that if an indictment be returned against Carol, he shall be vigorously prosecuted.

Carol was granted a new trial today and released from custody on his own recognizance. He had already been a six months' prisoner for the alleged planting of the ill-smelling contrivance in the Hor Brau cafe.

Carol is an aged carpenter and he almost went in the navy to receive his release. Attorney R. Porter Ashe, who yesterday declared that he believed Carol had been framed against in order that some one might collect a \$500 reward, said that he would not personally prosecute any one, but would lay all his evidence before the district attorney.

It was on the testimony of Patterson that Carol was convicted and it was the latter's demand for the \$500 reward and Ashe's subsequent investigation that led to the present inquiry. Judge Oppenheim said:

"It is evident that there is something wrong here. I direct that the district attorney make an investigation and bring this matter to the attention of the grand jury. If there is sufficient evidence to prove that there was a frame-up and that this man Patterson is in any way responsible, he should be indicted for perjury or whatever offense the evidence may show he may have committed."

I want it distinctly understood that there must be no trifling with this court and that those who attempt to interfere with its processes or endeavor to send innocent persons to prison will suffer for their acts.

Sizes 8 1/2 to 11. 1 1/2 to 2. \$1.85

**Blue Ridge Mountains Are Girdled by Fire**  
CUMBERLAND, Md., Nov. 17.—Forests of the Blue Ridge mountains, in the vicinity of Cumberland, are on fire and the state game warden's office has sent out a call for men to fight the flames. Allegheny county tuberculosis sanatorium was endangered for a time, but it is thought back-firing saved it. Men are being hired by the state to fight the fires, which are covering the mountains in parallel strings. Much valuable timber has been destroyed.

Let us get back to common-sense natural food

A CENTURY ago a wealthy faddist in old London invited his friends to a "white dinner." Nothing but the old-time whole-grain bread had ever been used before, but a Hungarian miller solved the problem by removing from the dark-colored flour everything but the white starchy parts so that the bread too, at the dinner, might be white. The idea of white foods became a fad and the craze spread all over the world.

Dr. Jackson's

# Roman Meal

Is a return to the old-time, common-sense, natural diet. The almost universal use of white foods is founded upon a FAD. The daily growing popularity of Roman Meal is founded upon NATURE. Roman Meal is a well balanced combination of whole berries of wheat (30%), whole berries of rye (35%), wheat bran (10%), and flaxseed (25%). The flax has been rendered absolutely tasteless and odorless by electricity; it is the most nourishing seed known. Roman Meal prevents indigestion. It relieves constipation, or we will return your money.

There are many Roman Meal recipes printed on the package—but you can use all or any of your own favorite recipes by mixing 1-3 white flour with 2-3 Roman Meal. Roman Meal restores the lost balance to the white flour. It makes pancakes so digestible that the most delicate person will relish them, also waffles, muffins, fruit rocks, gingerbread, brown bread, steam pudding.

You just ought to see how the kiddies and grown-ups relish Roman Meal porridge with its delicious nut-like flavor. Roman Meal porridge MUST never be stirred, except while mixing meal and water.

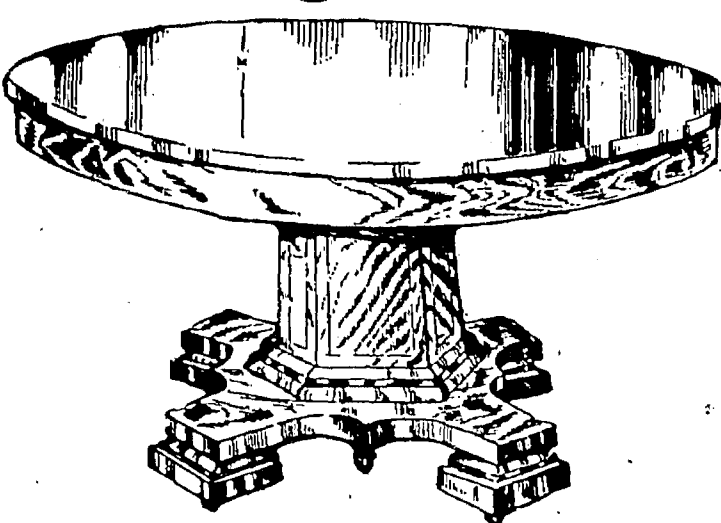

Roman Meal prevents indigestion. It is porous and remains porous if you do not stir while cooking. The digestive juices reach every particle quickly. Digestion is thus both rapid and thorough.

The bran in Roman Meal gives the muscles of their digestive system its natural work to do—and thus relieves constipation. The flaxseed also aids in this and prevents the bran from causing catarrh of the bowel. Ask your doctor. At all grocers.

Roman Meal Co., Tacoma (Washington) and Toronto (Canada)

The charm of a well furnished dining room will do much to make Thanksgiving the sum of the good things of the year.

## W. C. T. U. IS TO SEEK AID OF CONGRESS

National President in Annual Address to Delegates at the Convention Tells of Plans for Big Battle Against Liquor

Organization Members to Visit Washington in Endeavor to Have Enacted Law That Will Stop the Sale of Intoxicants

INDIANAPOLIS, Nov. 17.—"The challenge of a big task" was outlined at the formal opening of the national convention of the Woman's Christian Temperance Union here today by the national president, Miss Anna A. Gordon of Evanston, Ill. In her annual address she discussed national constitutional prohibition, law enforcement, new Americans, "our young people," "the world-wide work of the W. C. T. U.," "the big city," and Russia's crusading women. The president's address was preceded by the report of the executive committee and was followed by a memorial service. Miss Gordon's address was, in part, as follows:

The allied temperance forces are a unit in the fight for national constitutional prohibition. They are determined that the partnership of the government with the liquor traffic shall be dissolved. The passage of a federal amendment will help license states in which liquor traffic is so deeply entrenched that national prohibition—and that only—is adequate for its extermination.

WARNING SENT ABROAD.

As the sixty-fourth congress re-assembles for its second session, it will be stormed by men and women representing the leading temperance organizations and the aroused prohibition sentiment of the country. The words of warning, "the liquor traffic must go," are writ large on the map of the United States. Let us reiterate our challenging cry, "On to Washington."

The big task really centers in the big cities. These are the strongholds of the enemy. One-half the saloons in the United States are in fourteen cities. New York city alone has more saloons than are found in thirty-six states. There are fewer saloons in all our southern commonwealths than in the city of Chicago. If Seattle, Portland (Oregon), Denver, Birmingham (Ala.), Memphis, Nashville, Des Moines and Kansas City can go dry, why also should not Chicago, New York and Philadelphia?

Evidence from mayors, judges and sheriffs of large dry cities is in favor of prohibition. Mayor Gill of Seattle declares that prohibition has been a wonderful thing for his city. Seattle has a population of a third of a million and is the first seaport city of its size to go dry. Governor Carlson of Colorado says prosperous conditions have followed liquor's exit from Denver. The \$4,000,000 a year formerly spent for liquor has been turned into legitimate channels and there is a great decrease in drunkenness, debauchery and crime.

IMPROVEMENTS CITED.

"Birmingham is really like a different city," testifies the city chief of police. "Prohibition is responsible in a great measure for this improvement." Mayor Hanna of Des Moines declares prosperity has come since that city dissolved partnership with the liquor traffic. He says that \$3,000,000 estimated to have been spent in Des Moines saloons annually, now goes over the drygoods and grocery counters, into bank deposits, lumber yards and real estate offices.

The foundation for the Americanization of our great foreign-speaking population is laid in the public schools. Eighteen million school children are saying "One country, one language, one flag."

The W. C. T. U., through its Frances E. Willard memorial fund, its missionaries at the ports of entry, its temperance literature in many languages, and its department of work among foreign-speaking people, is rapidly advancing the "Americanization" of immigrant women.

Our faith in young people and in our Young People's league makes us feel assured that we shall not only secure national constitutional prohibition but also enforce it. Nearly seventy colleges and universities offer courses in the study of the liquor problem and more than a hundred colleges have volunteer temperance study classes.

FEUD THREATENS.

A serious feud in the liquor family is threatened. Beer is beginning to look askance at its own first cousin, whiskey. Whenever beer explains that it is a liquid food and a sober drink scientists hit it with the sledgehammer fact that beer is intoxicating.

In closing her address Miss Gordon told the story of the abolishment of vodka in Russia, saying that its elimination was as has been told by the Russian temperance worker, Tchelyshov, due to peasant women who, starved and cold and driven to despair by the excesses of their men, tried to destroy the vodka shops, thus forcing the hand of the authorities until the traffic was prohibited.

**Farms Reap Millions on Sugar Beet Crops**

DENVER, Nov. 17.—Almost six million dollars has been paid to Colorado farmers for sugar beets this year by the Great Western Sugar Company, according to figures made public last night. In addition, \$500,000 has been paid to sugar beet farmers in Wyoming, Montana and Nebraska. It is announced, The acreage in Colorado was 225,000, from which 2,700,000 tons were grown. The farmers were paid \$5,792,600 for their crop.

**CLUB WILL "HIKE"**

Members of the California Alpine Club will hike to California Point, in Marin county, Sunday. Invitations have been extended to all those interested in cross-country walking. The schedule: Take \$15 a. m. Sausalito boat to Sausalito, thence by boat to Tiburon; walk via road and trail over ridge to California Point. Lunch place three-quarters of a mile beyond point. Return to Corte Madera, ten miles.

## DOCTOR DENIES HE HID HIS DIVORCE

Cashatt Files Answer to His  
Wife's Charge That He  
Misled Her.

SAN FRANCISCO, Nov. 17.—Hearing that he endeavored to conceal the fact that he had obtained a divorce and that he continued after the legal separation to write to his wife in terms of endearment, Dr. Raymond D. Cashatt, a local physician, today answered the action brought by his wife, Margaret Marie Cashatt, who came here from Spokane to procure the setting aside of the divorce. She charges that he obtained his divorce by fraud, that he telegraphed her that there was no truth in the rumor that he had obtained a decree after she had written him about it and that subsequently his letters were filled with words of affection.

Dr. Cashatt enters a denial of these claims and asserts that his letters were filled with endearing terms only for his children and that his communications with his wife were solely in regard to the property rights. He says that she knew he was obtaining a divorce. He says that in 1912 she refused to leave Spokane and come to this city, where he intended to practice. Instead she went to Oregon to her parents. He followed, he says, and endeavored unsuccessfully to get her to join him.

## Musical Service Is Planned for Y.W.C.A.

On Sunday, at 5:30 o'clock, a musicale, under the direction of Mrs. Rowena Robb Mills, will be given at the vespers service of the Young Women's Christian Association, 1515 Webster street. The vocal and piano numbers are as follows:

Bird as Prophet.....Schuman  
Nocturne.....Chopin  
Just for Today.....Abbott  
Margaret Yarnington  
O Love Divine.....George Nevins  
Melodie.....Charles Hueter  
Selection.....Mrs. Rowena Robb Mills

## Federal Laws Are Invoked in Seattle

SEATTLE, Nov. 17.—United States District Attorney Clay Allen has filed a complaint against E. J. Margett, a former Seattle policeman, and D. C. Hunt, president of a liquor company of San Francisco, charging them with conspiracy to ship liquor into the state of Washington in violation of the federal law. Margett's bond was fixed at \$5000. He is already under bonds on an infamy charge, having been arrested in a warehouse with a large quantity of liquor which apparently had been shipped to him by Hunt's company.

## AUTO CAPSIZES; OWNER KILLED

Newly Purchased Machine Is  
Death to Farmer Near  
Sonoma.

SONOMA, Nov. 17.—Joseph Donahue, a farmer, met instant death and his wife and three small children and his son-in-law, Joseph Fernandez, escaped serious injury when an automobile which Donahue had purchased earlier in the day overturned on the Napa road, between Sonoma and Napa.

Donahue was crushed under the car, but the other members of the party were thrown clear.

Donahue, who was 65 years old, took his family and Fernandez out for a spin to show them how nicely the car ran.

On the Napa road Donahue swung to the edge of the road and a group of high school boys on their way to Napa played basketball. The soft dirt at the edge of the road failed to hold the wheels and the machine overturned.

## MURDERER WEEPS; PAYS FUNERAL ITEM

Names Goes to San Quentin for  
Life; Waves Farewell to  
Redding People.

REDDING, Nov. 17.—"God knows it's all I can do now. I wish I could do more," said Alexander Names, confessed slayer of Mrs. Rosetta Durbin and John Pollock, today as he directed an agent to pay the funeral expenses of Mrs. Durbin. A few minutes later he was aboard a train and en route to San Quentin to serve a life sentence for the crime.

Tears filled Names' eyes as he boarded the train and sorrowfully waved farewell to the crowd.

"I am sorry, but it is too late," he said. "I don't remember killing Mrs. Durbin and John Pollock. It is all like a dream. But for booze I'd now be a man among men."

The prisoner sold his property and paid his debts yesterday.

## WINTER PROGRAM 30 Big Swims for \$2.50

(Good for Thirty Consecutive Days From Date of Purchase)  
Buy our monthly book of thirty big, enjoyable swims for \$2.50. (Less than 10 cents a swim).

Never before has the public of Oakland been able to swim in PURE OCEAN WATER in a perfectly clean pool for the phenomenally low price of 8 1-3 cents a swim.

For the past year so many of our patrons have asked for some kind of a commutation ticket, that we have concluded to inaugurate our winter program by making this exceedingly low offer of our books of thirty BIG SWIMS for \$2.50.

## MAKE USE OF YOUR CREDIT, SIR

—and Buy Your New Suit or Overcoat at Once.

Is it possible that you do not know that any responsible man may open a Credit Account at Cherry's up-to-date Clothing Shop and outfit himself for winter on convenient installment payments?

Evidently, the number of men who prefer to buy their clothes on credit rather than by paying cash is increasing every day, because the men's department at Cherry's Shop has enjoyed a steadily increasing patronage from the day the store was opened, years ago. All you have to do is make a moderate first payment when you pick out your Suit or Overcoat. Then you arrange a schedule of installments, to be paid off by the week or by the month.

Another factor that has contributed largely to this store's immense success is the fact that it is always stocked with big assortments of the newest and best in Men's Wear. The fashion centers of the East are searched by the company's shrewd buyers, who, buying for the entire chain of eight stores, make good use of the advantages of buying in big quantities.

Saturday, is the day for busy men to call upon CHERRY'S, for this is the day when all of CHERRY'S stores stay open until 10 p. m. In Oakland the men's store is at 523 Thirteenth street; the ladies' store is at 515 Thirteenth street. The San Francisco stores are located at 1009 Market, corner Sixth, and 2400 Mission. Also Tacoma, Los Angeles, Portland and Sacramento.—Advertisement.

**HOLD BRIDGE PARTY.**  
CONCORD, Nov. 17.—Mrs. L. L. Livingston, Mrs. George McKenzie and Mrs. P. M. Roto were hostesses at a bridge party when they entertained a number of guests from Martinez, Pacheco, Walnut Creek and other points in the county.

## All Wrong, Dave! Depew Says So!

Statesman Hopes to Be Active at 100

NEW YORK, Nov. 17.—King David was wrong when he asserted that three score years and ten constitute a life, and he was mistaken again in his prediction in the nineteenth psalm that trouble and sorrow will fill the years beyond the seventieth.

So Chauncey M. Depew, 80 years old, told the New York Academy of Art in his address last night on "The Art of Growing Older and the Value of an Interest in Public Life."

"Men and women have died because they believed what David said," Depew asserted. "You can die any time you like if you believe hard enough that you can't live beyond that time."

In describing King David's rise from a shepherd to King of Israel, he said: "He lived a life. If husbands were in the way, David sent them to the nearest battlefield to be killed, and the widow was soon his own."

Depew, in speaking of the art of growing old, said business men who carry their business to their meals and their amusements die young. He prescribed a private interest in public life as a means to longevity. A man may be useful at 100, he said.

**Hugged Affinity, Is Accusation of Wife**

SAN FRANCISCO, Nov. 17.—Charging that her husband hugged an affinity in their household before her very eyes and broke up the dishes when she protested, Mrs. Ethel M. Black filed suit for divorce today against R. L. Black, superintendent of a downtown cafe. She requests \$75 a month alimony.

**ADMIRAL POND ILL.**  
WASHINGTON, Nov. 17.—Rear Admiral C. F. Pond, commanding the cruiser squadron of the Atlantic fleet in control of the situation in Haiti and Santo Domingo, has been relieved from duty because of ill health. Captain H. S. Knapp of the general board has been assigned to relieve him.

## ENGINE PLANT SOLD TO LINDERBERG BLIND SENATOR IN PEACE PLEA

Alaska Midas and Associates Acquire Gorham Unit on Estuary.

With \$500,000 worth of new contracts for gas engines along the Pacific Coast, the Skandia-Pacific Oil Engine Company has purchased the plant of the Gorham Engineering Works on the tidal canal for an approximate consideration of \$100,000. Heading the new concern are J. Hyerdahl Hansen, widely known San Francisco, and J. Linderberg of Alaska, president of the Pioneer Mining Company and of the Seattle Scandinavian Bank.

The plant is to be doubled in its capacity for turning out engines and, according to the new owners, other shops in Oakland will be used as secondary plants so that the enormous orders may be turned out according to contract.

The company which Hansen and Linderberg control has exclusive rights in America for the manufacture of the Skandia-semi-Diesel engine, formerly made exclusively in Sweden.

The deal by which the Gorham Company was taken over by the foreign concern was closed when a mortgage of \$19,000 was paid to the Bank of Italy and a \$15,000 first payment made by the new owners. Another payment of similar amount is due within the next three months. Hansen said that the orders were all for this coast and that no negotiations were being made for war contracts.

The Gorham company, capitalized in 1912 for \$50,000, has assets amounting to \$140,000, according to current rumor. W. J. Gorham, San Francisco, is president. R. W. Gorham, his son, Oakland manager, and C. H. Sooy, secretary. Hansen and Linderberg's company is capitalized at \$1,000,000 under the laws of the State of Nevada.

Gore Heard by Teachers at the Technical High School on War Menace.

United States Senator Thomas P. Gore, "the blind orator eloquent," lecturing on "Social Duty" in the auditorium of the Technical high school last night, made a plea for continued peace between this country and Mexico and all other countries, holding that the Mexicans have their own problem to solve and that the United States should not interfere in their efforts to solve it.

The Democratic senator from Oklahoma did not make a political speech. It was a lecture, in which he dwelt, for the most part, in generalities, telling of his ideals of good citizenship and the making of good citizens. Only at the close of his talk, which was heard by a crowded audience, did he deal with questions of national policy, and that was when he spoke of the Mexican revolution.

"Mexico," he said, "unhappy Mexico, is suffering beneath the iron heel of tyranny, its people torn by internal warfare, the masses of them animated with the same love of liberty as this country. They are fighting for liberty, these people, and dying for liberty. There will never be peace in Mexico until the people of Mexico own the land of Mexico, until that land has been freed from the small band of aristocratic families that is now oppressing the masses in that unhappy country."

"I want peace with Mexico—peace with honor and security, as I want peace with all the world."

Senator Gore then painted a word picture of the battlefields of Europe, telling of the enormous cost in men and money that the world was causing, saying that "children a thousand years from tonight will be paying for this war." He followed his black picture of war with a brilliant sketch of this country, if it is today, ending with the statement that he believed the United States should lead the fight for international peace.

"Preparedness," he said, "is not a means of ending war. Europe shows us this. Germany, France, England, Russia and all others of the lands engaged in this war were prepared. Did they keep out of war? Grave this on your memories: every great nation that has gone to war has gotten what it prepared for. The only great nation in the world that was not prepared for war is the nation that has kept the peace."

After declaring that the leaders in the preparedness movement in the United States were "blood-thirsty, money-hungry munition mongers," he closed his talk with a brilliant plea for international peace. His talk was roundly applauded throughout. He employed sarcasm in his delineation of the efforts to involve this country in war, and held his audience with an occasional quip.

Judge J. J. Dunn, formerly of Oklahoma, was chairman of the evening. On the platform with Senator Gore, beside Judge Dunn, were Philip M. Foster, city official, and A. C. Barker, city school superintendent.

## Infirmary Inmates to Be Entertained

The Claremont Dramatic and Musical Club will entertain the inmates of the Alameda county infirmary with a vaudeville show this evening.

Members of the younger set in the east bay region recently organized the club for the purpose of giving entertainment to the inmates of charitable institutions in Alameda county. Classical dances by Miss Vivienne Tweedie and solos by Miss Agatha Kelley and Miss Helen Foster will be featured. Others who will give numbers are: Miss Clara Swartz, Miss Hazel Burmeister, Miss Miriam Graves, Miss Annette Paulkner, Miss Elizabeth Johnson, Miss Dorothy Bathasar, Miss Alice Weaver, Miss Myrtle Leonard, Miss Janet Manuel, Kenneth Cook, Clement Bonnamazore and Rudie Caffaro.

## Boy Recovering From Effects of Brandy

SAN FRANCISCO, Nov. 17.—John Skelly, 13-year-old grandson of the late Michael Skelly, pioneer car magnate of San Francisco, is recovering at his home in Bernal Heights from the almost fatal effects of swallowing brandy which his companions had taken from a wagon.

Because the liquid "looked pretty" John said, he decided to taste it and lost consciousness. He was found by his brother Jerome, aged sixteen years, after lying unconscious for four hours, and removed to the hospital.

His grandmother, Mrs. Margaret Skelly, widow of the founder of the original "Mission Omnibus," died last February, leaving an estate in which he and his four sisters and brothers are entitled to a fifth.

Bartholomew Skelly, their uncle, is legal guardian of the children. His sister was the wife of the late George Skelly, a son of Michael.

## Crab Fishers Are Barred From Bay

EUREKA, Nov. 17.—San Francisco epicures cannot feast on Humboldt crab unless the laws of California are violated. District Attorney A. W. Hill declares. Yesterday was supposed to be the opening day of the crab season in this district for commercial fishermen, but they were barred from the bay by the law.

Hill says that a law passed by the legislature in 1914 made it unlawful to fish for crabs within the three-mile limit closed to crab fishing. He says the law has been forgotten, but never repealed.

## French Will Filed; Estate Is \$1,000,000

WILLOWS, Nov. 17.—The will of Milton French, who died Saturday afternoon, has been filed for probate. The property left by the wealthy rancher and banker, is estimated to be worth more than \$1,000,000. The witnesses to the document are P. H. Green and H. C. Bell.

The property is left to the widow and the three children, Mrs. Rita F. French, Mrs. Nellie F. French and Mrs. Curry M. French, one-fourth of the estate to each. The widow, Mrs. Elizabeth F. French, and the son, Curry, are appointed executors of the will without bond.

## \$30 Shoes Predicted at Leather Session

BOSTON, Nov. 17.—Thirty dollar shoes were predicted by shoe and leather men at their annual meeting at the Hotel Somerset today.

Alfred W. Donovan, a large shoe manufacturer, said that if buyers demanded shoes of all leather they will have to pay high for them soon. He predicted that within three months the majority of women's shoes will have to have cloth tops.

## Juries Hear Cases of Alleged Non-Support

Immediately after a jury had returned a verdict of guilty in the case of Jeremiah Sweeney, charged with failure to provide for his two children, another was selected for the day before. Judge Ogden for sentence Monday.

Norton's wife testified at the preliminary hearing of his case that he had sold his child's only toy—a doll—and her clothing to get money with which to purchase liquor.

# \$30 Shoes Predicted at Leather Session

BOSTON, Nov. 17.—Thirty dollar shoes were predicted by shoe and leather men at their annual meeting at the Hotel Somerset today.

Alfred W. Donovan, a large shoe manufacturer, said that if buyers demanded shoes of all leather they will have to pay high for them soon. He predicted that within three months the majority of women's shoes will have to have cloth tops.

# Flawless Record Service

is Characteristic of Our Stores

To know that your every requirement is met is worth while.

To ask for a record for your talking machine, no matter what the make, and know that record is forthcoming, is satisfaction.

The service we offer is of that sort—flawless, prompt, obliging service that really satisfies.

Out-of-town record service, by prepaid post, delights with its promptness.

We can satisfy you if you will call, phone or write your needs.

## WHAT ALAMEDA COUNTY DID.

With the official count of the ballots cast in the presidential election practically completed, it is apparent that the general result in California as indicated by the unofficial returns will not be changed and absolutely certain that the relative showing of the different counties will not be modified. In the lineup of counties, Alameda occupies a conspicuous position.

Casting 95,000 votes, Alameda County gave the Republican candidate for President a majority of 7700. Mr. Hughes received 54 percent of the total vote. San Francisco, our neighbor county across the bay, instead of following Alameda in the Hughes column, gave Mr. Wilson a majority of slightly more than 15,000, out of a total vote of 141,250. Therefore in San Francisco, Mr. Hughes received only 44.6 per cent of the total vote. Stated in another form, Mr. Hughes was favored by 10 percent more of the voters of Alameda County than in San Francisco County; yet, as before remarked, the physical and intellectual conditions of the population of the two counties generally is identical.

Compared with other counties, Alameda's Republican plurality is equally remarkable. San Diego, always considered a rock-ribbed Republican county, gave Mr. Hughes a majority over Mr. Wilson of only 110 votes, out of a total of 33,500. Santa Barbara landed in the Wilson column by 743 votes; Santa Clara's normally large Republican majority fell to 2300. Sacramento County went Democratic by 3800 and Fresno by 2450 votes. The strong support given to Mr. Hughes' candidacy by Alameda County must be explained largely upon the cordial relations which existed between Republicans and Progressives. At the record-breaking meeting which Mr. Hughes addressed in the Oakland auditorium, Progressives were given equal representation with regular Republicans in all matters of arrangement and the reception. In this county the thought uppermost in the minds of all who were opposed to the administration of President Wilson was Republican success, and enough bigness and wisdom was manifested to place that consideration above every petty and personal difference in local political views.

When Governor Johnson visited Alameda County the local newspapers, regardless of their preference in the senatorial contest before the primary, gave full and prominently displayed reports of the meetings addressed by the Republican nominee for the Senate as well as other speakers.

Had other counties and cities followed the example of Oakland, Mr. Hughes would have won California by an overwhelming majority and would now be the President-elect.

## THE REAL ESTATE CONFERENCE.

Discussions and interchange of views at the convention of the real estate men of California, now in session in Oakland, have taken a more serious aspect than at any convention in the past. There is being exhibited an understanding of the responsibility of the business of development of the State, and, what is of great importance, realization of the necessity for permanence in all development programs. The real estate interests represented in the present convention are obviously those which have seen the futility and the fatality of "building houses in the sand."

In the addresses delivered yesterday there was considerable optimism and a great many observations deserving most serious consideration, not only by the dealers in realty, but by owners and prospective owners of land. From both the speculative and investment standpoint, California is a promising field. It was pointed out that the average population per square mile of the 155,562 square miles in the State is 15.3, and that instead of the State being crowded with 3,000,000 population, it is easily capable of supporting a population of 20,000,000 when all cultivable land is made productive.

The warning of Dr. David P. Barrows, dean of the University of California, may well be regarded as significant. Dr. Barrows is a member of the State Commission on Rural Credits and Land Colonization. He spoke from knowledge gained by personal investigation and observation when he predicted State and national government control of development projects in the near future, and said:

It is to be expected that the State will exercise control on behalf of veracity. The day is past when it can, in the interest of economic efficiency, permit private enterprises to select great sites for unlimited exploitation. . . . We have in this State alone millions of acres of land sold for farming at prices that could not possibly sustain agriculture. We might as well look the situation in the face.

To the real estate men this does not mean conflict and fight. They have already realized the true situation and

it is to their credit that they have mapped out their future policy with the clearly defined idea of eliminating and preventing such conditions as described.

Another important policy predicted by Dr. Barrows was expressed in the following:

We will see our biggest era of development when we see the government prevent the alien ownership of tillable land and step in to test the validity of ownership of enterprises that have to do with the living processes of human life.

There is here provided a new basis for the objection of alien ownership of land: it is contrary to the general good of the commonwealth to give aliens the opportunity to interfere with the productive resources of the necessities of life.

The predominant thought exhibited by the real estate men in their present convention concerns the conservation and sound improvement of the State's resources, as distinguished from exploitation.

## THE LATEST PEACE TALK.

Count Apponyi's talk about the prospects of peace in Europe are pleasantly received in every corner of the earth. The devout wish for peace lends to his hopeful forecasts the fullest possible significance, if perhaps not undue trustfulness. The belligerent and neutral peoples are alike tired of war and its hardships; which have reached to every home in every country boasting commercial relations with another country.

Count Apponyi is one of Europe's best informed and ablest statesmen. He was formerly Hungarian premier in the Dual Monarchy. He doubtless is correctly informed as to the state of military and political affairs in the countries included in the Teutonic alliance and knows much of the plans of the Austro-Hungarian and friendly governments.

But the ex-premier is not now an official of the government. He speaks only as a private citizen with exceptional facilities for obtaining correct information. His ideas have not always coincided with those of the Hapsburg ruler at Vienna, nor with the political and military programs of the Central powers, for that matter.

It is proper to recall Count Apponyi's actual position as regards his authority to speak on peace prospects. If his voiced hopes are founded similarly to those expressed by Herr von Bethmann Hollweg and Viscount Grey—that is, peace proposals will be welcomed upon "our terms"—his utterances must be accepted with due reservation. A policy of compromise, of give and take, must be adopted by each group of belligerents before peace can be thought probable.

It is reported from Tokyo that the Japanese government will not, at the close of the war, insist upon maintaining sovereignty over the islands she wrested from Germany in the Caroline and Marianne groups. It will be recalled that at the beginning of the war Japan, in language as plain as that reported in the present case, announced to the world that it was her intention to restore to China the former German concession of Kiaochow; recently, however, the Japanese government, as an evidence of her insincerity in the Kiaochow promises, protested against the American contract for improving the Grand Canal in China and for new railroad construction on the ground that such development efforts would jeopardize Japan's material interests in the Shantung region.

## SLANG AT ANNAPOLIS.

(Washington Post.)

An investigator of the things worth while has recently rendered a report on the Naval Academy at Annapolis that may contain more real meat than will be found in formal official documents. Ignoring the ordered items entering into the curriculum and passing up the matter of proficiency in dead languages, he gets right down to the patois of the hour and finds it thoroughly convincing.

The information, it is stated, has been obtained by word of mouth. As a member of the cadet corps vouches for its accuracy, the investigator rushes hurriedly into the linguistic details. We learn, then, that in Naval Academy language a man or a boy is freely translated into the more admirably descriptive terms of a "bird" or a "wizzo." A "pap sheet" is a report covering delinquencies, hence to "hit the pap" is to be reported for delinquency. The social conventions are likewise summed up in expressive vernacular. Cadets do not escort girls to dances, but "drag" them. A girl is a "drag," and a "heavy drag" or "brick" is an unattractive girl that one must take to a dance. On the side of their coming profession weird changes are also effected, although not to be misunderstood. "Steam" is marine engineering, and to be "barged for juice" is to fail in examination in electrical engineering.

The earlier examples cited are representative of all youths. The latter signify the identification of the individual with his career. In this propensity lies much hope, whether at Annapolis, in the stock market, on the railroads or in farm pursuits. Each has a jargon dear to his soul.

Slang has its righteous and proper uses. Applied to a life calling it becomes more than ordinarily valuable. It constitutes the only method of getting on easy and intimate terms with the job. It implies that happy relationship that can only be brought about by working together under difficulties in the spirit that laughs the difficulties away. In short, it is a way of calling one's business "Bill." The Annapolis cadets will lay aside their slang when it has served its necessary purpose, but the spirit which brought the slang into being should be preserved, as it doubtless will be, to serve them in after life.

## SURVIVAL OF A MERITORIOUS CITIZEN.

(New York Sun.)

In spite of the internal combustion engine and all its successes, the horse, whose manifold virtues are now undergoing celebration here, has not been relegated to the show cases of museums or retired to the unproductive uses of mere pleasure seekers. The British tanks have not evicted chargers from the battlefield; the Peoria troopers leave room for them on the farm; racing commands the enthusiasm of thousands, even with easy betting eliminated, and sharp observers declare that the hansom is retrieving some of its former popularity in New York.

At no time has the necessity for a large supply of horses suitable for military and general purposes been more apparent than it is now. Foreign demand has depleted the domestic supply, and prices have reached high marks. Pleasure driving has been curtailed, but it is by no means certain that the motor will crowd the horse off the highways altogether, and it has been proved that for many purposes the gas engine is not as economical or as serviceable as the horse.

Thus the horse goes on exhibition this autumn, not as a relic of the past or a useless survival of primitive times, but as a valuable servant of man, still indispensable in the performance of important tasks and worth his salt. And the most accomplished engineers and body builders never succeeded in producing anything so graceful and beautiful as a well bred, well broken horse.

## NOTES and COMMENT

It really would seem that the First Congregational church of San Francisco is not desirous of reinstating Rev. Charles F. Aked as pastor.

A San Francisco woman who pulled two fighting dogs apart was bitten by one of them. Canines are just as bad as humans when they get to fighting.

"Astor baby fights against income tax." They seem to be that way instinctively, as the young of birds lie low when untoward things threaten.

General Doble is here again. Let us not take the fact too lightly. It may be wisdom to recall what happened when he was here the last time.

The chief thing about the uncertainty as to the House of Representatives is the opportunity likely to be afforded the "independent" to make the administration see things his way.

The news is spread that Secretary Daniels will visit Vallejo in 1917. Thus one mighty event of the oncoming year may be counted on. Also it seems to be counted on that there isn't to be a successor.

The unusual announcement is made that "all men in Holland may now vote once." That sort of restriction was at one time felt to be desirable in some of our big cities, but nobody thought it was that way in Holland.

Supervisor Nelson of San Francisco wants a law passed that will restrain the killing of calves. The idea is to allow calves to grow into beef cattle, to be killed later to greater advantage. The woods seem to be full of great law givers.

A San Francisco mail carrier explains that he looted mail entrusted to him to deliver, so that he could afford an automobile—an understandable explanation, as things go nowadays, even if it shall be adjudged inadequate.

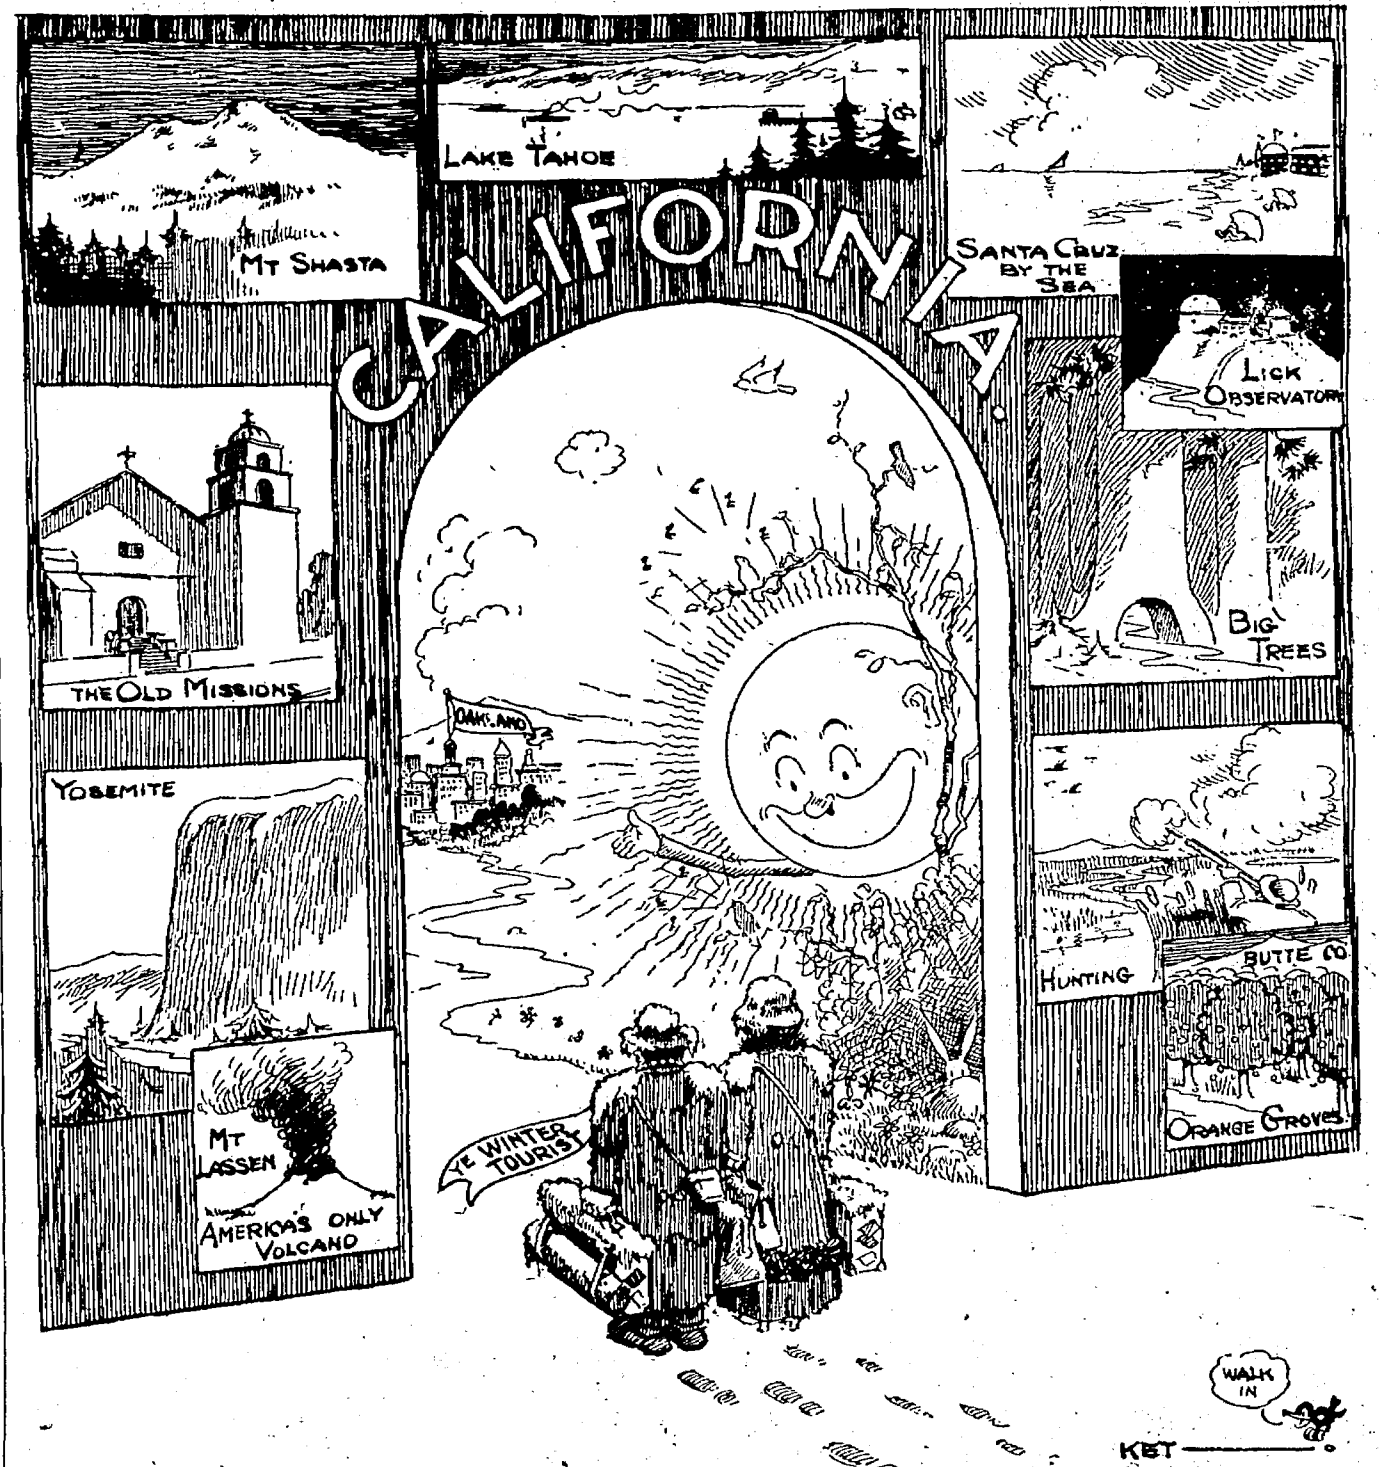

There are several differences, it may be, between Colonel Roosevelt of Oyster Bay and Colonel Rowell of Fresno. One that is notable is that the Fresno colonel keeps right on talking, while he of Oyster Bay very eloquently saws wood.

San Francisco youth confesses a highway stunt in holding up a man in a public square. He explains, however, that he was tempted by a jingle in the victim's pockets. The jingle turned out to be 30 cents going up against some keys, and the young highwayman appears to take it that the base deception ought to let him out.

These mountain lion fighters are becoming numerous. They are taking some of the glory from Samson's Biblical tussle, armed though he was with a very ineffectual weapon, as it seems to us. Here is a Monterey man who vanquished a ferocious beast without even a jawbone—with his bare fist!

These forced economies in eating, put into effect long ago by the German government and more recently by the French and English, may prove a great benefit to that remnant that doesn't get killed off in battle. Some such a law would be a boon to the overfed of countries completely at peace.

## WELCOME

## SPIRIT OF THE STATE PRESS

The seventh Tulare County Citrus fair to be held in Visalia, December 6-13, will include those features that "went big" in preceding years, adding thereto a great number of other attractions. Twenty-four hours after solicitors took the field, a guaranteed fund of \$25,000 was secured for the fair, indicating enthusiasm and co-operation of the kind that accomplishes big things.—Tulare Advance.

More than 1000 cotton pickers are much needed in Imperial Valley to take care of the unusually large crop. The county farm bureau has opened a free employment bureau in El Centro, where any experienced picker may obtain work without delay. The established price paid for pickers at the opening of the season was \$1 a hundred pounds, but in many cases ranchers are known to be paying \$1.25 a hundred pounds.—San Diego Union.

## THE JESTER.

Stopped Short.

McTavish and Macpherson are adrift at sea in an open boat.

McTavish (on his knees)—O Lord, I ken I've broken maist o' thy commandments. And I've been a hard drinker all my days. But, O Lord, if we're spared this time, I promise never—

Macpherson—I widgeon commit myself over far, Donald. I think I see land—Life.

Can Take Miners for Army.  
The decision in Quebec that the enlistment of minors is valid without the consent of parents will open a wide field for recruiting, although it is a field that will be entered upon with much natural reluctance.—Toronto Quebec.

Beyond Recall.  
The Junior Sub (conjuring at the men's smoker)—Now, are you quite sure the haversack's empty?  
His Assistant—Absolutely, sir. The rabbit wot you put in it's got away, sir.—London Sketch.

## TWENTY YEARS AGO TODAY

Mrs. Frank J. Moffitt is preparing for a trip to the eastern and southern states. She will probably winter in Florida.

Mrs. Pedar Sather, widow of the late banker, believes that burglars have an eye on her mansion and now her coachman keeps watch in the big house at Twelfth and Castro and telephone connections with the police office have been put in to use in case of emergency.

Judge Fred V. Wood returned to duty in the police court yesterday, after having taken about ten days' vacation.

Since the defeats of the sixth amendment, the Political Equality Clubs of Oakland have been uncertain how to proceed with their work.

## TRACKS.

Lives of Presidents remind us  
We may think ourselves sublime,  
And in four years leave behind us  
Sidesteps on the sands of time.  
—New York Sun.

## FILE 'VAG' CHARGE AGAINST MAN ALSO

Miss McCall's Plan Is Given Trial in Raid on Resort.

Acting in accordance with suggestions made recently by the Woman's Protective Bureau that, in the case of arrest of women for violation of the red light abatement law, men involved be arrested also, two men were taken into custody last night in a police raid at 538 Ninth street. This is the first instance of such procedure by the police department since Miss Beatrice McCall, secretary of the Protective Bureau, denounced the old methods employed by the police in that they only arrested the women.

## 'Next' Will Be Memories Now

Shaver of Noted Men Quits Business

LORAIN, Ohio, Nov. 17.—When Theodore Curtis rested from his labors today, the twenty-fifth anniversary of his entrance into the barber's trade, he looked down the vista of a quarter of a century and saw a quarter of a million sets of whiskers that had fallen beneath his trusty blade. Not exactly a quarter, either, 243,690, to be exact. Curtis' tabulations show that he has shaved men that many times. Some distinguished men among them, too. "Well, how does the old knife work today?" is a question he has put to Presidents McKinley, Roosevelt and Taft, Senators Mark Hanna, Matt Quay, Albert Beveridge and Ben Tillman and the untitled Doc Cook, Buffalo Bill, Jess Willard, Tod Sloan and Harry Shaw.

## FIJIAN NATIVES TO HEAR COLONEL T. R.

Teddy to Visit the Polynesian Group for Winter Vacation.

NEW YORK, Nov. 17.—Although the Fijis and the Polynesians of Samoa don't know it yet, their respective islands are due for a tilt and the South Pacific for somewhat of a splash, so to speak, next February. Because T. R. is going to visit 'em. It is understood this trip is to constitute the Colonel's vacation after the campaign labors he undertook in the interests of Charles E. Hughes. Mrs. Roosevelt will accompany the Colonel. Roosevelt chose Samoa and the Fiji (Continued on Page 19, Col. 3)

## BERKELEY GUARDS SUFFER PRIVATION ARE UNABLE TO FIND EMPLOYMENT

BERKELEY, Nov. 17.—Back from the service of their country at the Mexican border, several men of Company C, National Guard, of Berkeley, unable to find employment, have been so hard pressed as to go actually hungry in the last few days. To this Mrs. Thomas Larke of Garber street, "mother of Company C," attests, and Mrs. Larke is in a position to know, for she has been giving meals day after day to the guardsmen who could not find them elsewhere. "The men did not come a-begging to Mrs. Larke's home, but went there in their daily quest for employment. Mrs. Larke, since the men returned from the border, has exerted her utmost diligence to find them employment. One of the men came at 11 o'clock at night. Mrs. Larke says: "His face looked so white and pinched that I was worried about

MRS. THOMAS LARKE.

him. He has not had a day's work since the company was mustered out at Sacramento. I asked him what he had had to eat during the day. "Don't ask me," was all I could get out of him. I started in and cooked him a meal then and there, and if you could have seen how he went at it, you would appreciate how much of a sacrifice it is that these men have made for their country. There have been some four or five men in all who have come to me and been given food simply because they could not find it elsewhere nor find jobs that would provide them with food and homes.

**APPEAL FOR MEN.** While the men of Company C were still at Sacramento, whether they had just returned from the border, Mrs. Larke and other women interested in their welfare foresaw the difficulties they would have to face and made an appeal for positions for the men. A considerable number of the militiamen had resigned good positions when the order of mobilization arrived and found their positions taken when they returned to their homes here. More than one of these had a family dependent upon him for sustenance who had fared as best they could during his absence upon his meager pittance from the government, and were in even worse straits when he returned and this income stopped. Mrs. Larke continues in explanation of their difficulties as follows:

**AID GIVEN GUARDSMEN.** "These men were comrades of my son, musician in Company C, and I have been doing everything I could find work for them. I have been able through the help of

friends to help half a dozen or so, but there are still these four who have not had a stroke of work since they returned from the line. They are all good, honest, capable young men and they are willing to do most anything that will bring them a livelihood. One of the men of the company walked the streets for three weeks after he was mustered out and then got a position at \$50 a month. He was tickled to death to get it, too, although he had resigned a \$100 a month position to go to the border in his country's service. This man is supporting his mother and his little sister on \$50 a month, though for the life of me I don't see how he does it. Among the men still out of a job is one with a mother and nine brothers and sisters, only the two or three older of whom

are yet old enough to contribute to the family living, and all of whom were largely dependent upon him before the Mexican trouble. Most of the men still in need of assistance communicate daily with Mrs. Larke, who is able to give them news of any positions of which she has information. Her residence is at 2808 Oakwell Terrace, and her telephone number is Berkeley 2880J. She will be glad to give any information of openings to the men who come to her for assistance.

**NO JEWELRY FOR ENGLAND.** LONDON, Nov. 17.—The king today signed a proclamation prohibiting the importation of jewelry and all gold and silver manufactures except watches and watch cases.

### Black Cashmere Hosiery

For Women

**50c a pair**

This is a very unusual value, particularly at the present price of hosiery in general. The fact that they were purchased some time prior to the great advances, enables us to offer them at such a low price. It would be almost impossible to find a medium heavy hose of this quality at anywhere near the price.

Hosiery Section—Main Floor.

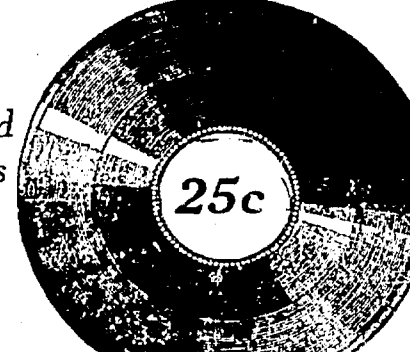

### Important Notice

We desire to announce that this store will open evenings on only two occasions during the week before Christmas. We will remain open on Friday and Saturday evenings, December 22nd and 23rd.

Clay at Fourteenth and Fifteenth Streets, Oakland

### Boys Are Acquitted; Cannot Realize, Held

TWIN FALLS, Idaho, Nov. 17.—Harold and Lynn Lovelace, boys aged 12 and 11 years, respectively, were acquitted of a charge of murder for the killing of Prof. P. T. Hammill near here last August.

The jury deliberated less than two hours. The verdict was based upon the boys' incapacity for comprehending the extent of the crime. After the verdict was rendered steps were taken by the probate court to place the boys in the industrial school, on the ground that to leave them at large would be dangerous to the public.

## A Statement From Rosenthal's

The shoe situation is, at the present time, one to be most seriously considered. It is almost impossible to obtain good shoe leathers and, of course, the result has been that all good shoes have been raised in price.

Our knowledge of business conditions, our great buying power and foresight in buying ahead of this raise gives us a decided advantage over many other dealers. We are, therefore, able to give you values which others find impossible.

The next purchases, however, will be at much higher prices, so we advise you to buy several pairs of shoes while the present quotations exist.

Buy a *really good* shoe, a HANAN, if possible, although you will find all of ROSENTHAL'S footwear equal in value to the price expended. There is no economy in purchasing cheap shoes.

## RESTA WINS U. S. SPEED KING TITLE

If Italian Driver, Who Won the Vanderbilt Cup Yesterday in Record Time, Takes Grand Prize, He Will Gain Crown

SYNOPSIS OF ELEVENTH VANDERBILT CUP RACE AT SANTA MONICA COURSE:  
Distance, 294.035 miles; 35 laps of 8.401 miles.  
Time, 3 hours 22 minutes 48 seconds.  
Average, 87 miles an hour.  
Order first four cars finished:  
Dario Resta, Peugeot car, winner, 3 hours 22 minutes 48 seconds.  
Earl Cooper, Stutz car, second, 3 hours 30 minutes 40 seconds.  
William Weightman, Duesenberg car, third, 3 hours 42 minutes 24 seconds.  
Clyde Roads, Hudson Super Six, 3 hours 54 minutes 45 seconds.

By Edmund Crinnion

By winning the eleventh Vanderbilt Cup motor race classic at Santa Monica, Dario Resta, the sensational Italian race driver, virtually clinched his right to the title of the American 1916 speed champion. He also established a new speed average record for the Vanderbilt race, duplicating his victory in the last Vanderbilt Cup race held in the Pacific International Exhibition in San Francisco, February, 1915.

Resta's victory also gives him the same distinctive honor held by Grant, the Alco, and De Palma, the Mercedes, pilots, of having won the Vanderbilt Cup classic twice in succession. Resta's time in yesterday's beach event was 3 hours 22 minutes 48 seconds, covering the 294.035-mile course at an average speed of 87 miles an hour. This is a record, not only for the Santa Monica course, but also for the Vanderbilt Cup race. The former Santa Monica road course record was set by Teddy Tetzlaff in his Fiat racing monster in 1912. It was 78.72 miles an hour. The best previous Vanderbilt Cup record was set by the American, Clyde Roads, in 1914. It was 75 miles per hour. Resta raised the Vanderbilt record exactly twelve miles an hour average time for the entire distance.

**WALK-OVER FOR RESTA.**  
The classic yesterday was practically a walk-over for the speedy Italian pilot, who started eighteenth on the list, taking eleventh place on the first lap, eighth on the second, seventh on the third, fifth on the fourth, third on the fifth and sixth, gaining second place on the seventh lap, holding that position to the fourteenth lap, when he moved into first place and held that position until the checkered flag proclaimed him the winner.

Following Resta 8 minutes later across the tape into second position was Earl Cooper, the Oakland boy, who, with his consistent Stutz car, made an average of 83.74 miles an hour. Twelve minutes later William Weightman, the third, living up to his name, dashed across the tape into third position with his Duesenberg Special. Weightman is a new-comer in the racing game. He was hailed as a dark horse and proved himself qualified to travel in big league company.

Following the three special racing cars that took positions were the three Hudson Super Six entries, the only three other cars out of the field of twenty-one starters to finish the strenuous 294-mile grind. The first of the three Hudson cars, driven by Clyde Roads, took third money and broke the record set by De Palma in 1914 with a special built Mercedes racing monster. Roads' time was 3:54:45, averaging 75.15 miles an hour.

**TIRE RECORD MADE.**  
From the standpoint of the automobile experts, the outstanding feature of the road race classic was the showing made by the Goodrich Silvertown Cord tires, which had a clean sweep on all of the winning cars and also the consistent showing made by the three Hudson Super Six stock cars.

Two of the three winning Hudson cars made not only a record for the entire race, a feat that was not duplicated by any other car in the big event. The race was without an accident, a record in itself for a Vanderbilt classic. The only tremor sent through the multitude of 65,000 spectators was caused by an ambulance call for an old soldier who had fainted on the lines in side of the race.

The heart-breaking pace set by Resta proved the undoing of all but the six machines that were in the running at the finish. Moosie's Duesenberg went out on the twelfth lap with valve trouble. Jackson burned the clutch on his car in the ninth lap. Ruckstall had ignition trouble in the eighth lap. Aiken, who held second place until the twelfth lap, was pulled out of the running by breaking an intake valve. Rickenbacker, also one of the favorites, sheared his high speed gear in the seventh lap. The Gandy Special, the Ovi Special and the Ovi Special were all parked during the first laps of the race with mechanical trouble. Buzane's Duesenberg cracked a cylinder wall on the fifteenth lap. Eddie Pullen retired from fourth position at the end of the thirtieth lap, and the Omar car went out in the tenth.

**WAS TAME AFFAIR.**  
Despite the dazzling speed, the race proved to be a tame affair and about the only cause for talk in the official stands was the fact that car No. 1 won first place and William Weightman, the third, living up to his title, won third place. It was Ray Cooper, the official starter, who checked the race, and it was his brother, Earl, the champion speed king, who finished second.

Eddie Pullen, the champion Mercer pilot, established the record for the fastest time change of the day when he replaced a right front casing in the twenty-third lap in exactly 32 seconds.

Should Resta duplicate his victory Saturday in the big Grand Prix event, following his precedent set in San Francisco during the Exposition races, he will be crowned the American speed champion for the 1916 season, and beside all the other prizes that go with the winning of the races, will get the \$10,000 Goodrich cash award.

Hudson car No. 20 was driven by A. H. Patterson of Stockton, the same driver who recently established the Coast to Coast and return record with the Hudson Super Six car.

### Turkeys Bought For U. S. Soldiers

Pershing's Column Will Have Thanksgiving

WASHINGTON, Nov. 17.—Turkeys and "trimmings" for 150,000 men are being bought by the war department through the chief commissary officer of the southern department, for the Thanksgiving dinner of the soldiers along the border and General Pershing's column in Mexico. A war department announcement today said every precaution to provide the troops with fitting feasts Thanksgiving and Christmas was being made and that not a man among the militia and regular troops would be unprovided.

### Pickpocket Tells of Crime by Morse Code

STOCKTON, Nov. 17.—When Fred Williams pleaded guilty to picking a man's pocket, his attorney told an interesting story of the manner in which he learned of his client's guilt. At one time the lawyer, J. P. Carey, was a telegrapher.

While talking to the accused one day, the attorney noted that Williams was unconsciously tapping on the table with a pencil.

Carey listened. He was telling the story of his crime in the Morse code. Once he knew the story, Carey advised the man to plead guilty and take his sentence.

### ARE BATHS NECESSARY?

This looks like a foolish question in this enlightened age, but there are nearly a million Americans who knew nothing of internal bathing a few years ago and are now eager to testify that they are fully as essential to health as external baths.

By a purely natural process of properly using warm water, the "J. B. L. Cascade" removes all the poisonous waste from the lower intestine, which physicians agree is the cause of 95 per cent of all human ailments.

It instantly relieves constipation, properly regulates the bowels and prevents all the dragging down which Bloating and Liver Troubles always create.

S. W. Southall, M. D., of Genesee, N. Y., writes:

"I challenged the doctors in this town last week in regard to what I can do with your 'Cascade.' I can say for a truth that I know the reason for my success with many serious illnesses was due to having the bowels washed out once and sometimes twice a day. I only wish I could make the people in general believe in the efficiency of a good bowel washing. Sincerely yours,

The Owl Drug Stores will show and explain it to you on request. A free and interesting booklet on internal bathing, 'Why Man of Today is Only 60 Per Cent Efficient,' can also be obtained for the asking.—Advertisement.

### New Highway Into Oregon Is Projected

EUREKA, Nov. 17.—Calling for the construction of the State highway north of Crescent City, Del Norte county, on a route lying to the eastward, connecting at the Oregon line with a new road which Jackson county, Oregon, plans to build out of Grant's Pass, the people of Southern Oregon and of Del Norte county have started a movement to secure the attention of the California Highway Commission.

The present plans for the State highway call for a road leading to the Oregon line, but without practical connection with the Oregon road system. The plan proposed would give a new coast route through California into Oregon.

**PRESTON INMATE ESCAPES.**  
IONE, Nov. 17.—Fred Cook, Preston School inmate, has escaped. Searchers have been unable to locate him. This is the first escape from Preston for the last month.

### Accused Murderer Is Held to Answer

Louis Manning, who was arrested here recently upon the allegation of three strange men, that he had killed G. Coppi, an Emeryville lodging house keeper, was held to answer by Justice of the Peace Quinn yesterday. According to Deputy Sheriff Joseph Soares Manning and Coppi were members of an Italian bunko ring and quarreled over their share of the spoils. Manning, it is said, has a criminal record in the east.

## FOR THE THIRTIETH TIME IN 1916 ALONE THE FAMOUS GOODRICH SILVERTOWN CABLE-CORD TIRE

Proves Its Greater Strength, Superior Speed and Unequaled Endurance

DARIO RESTA  
in His  
Silvertown-Equipped

Peugeot  
Wins Vanderbilt  
Cup Race

294 miles in 3 hours, 22 minutes and 48 seconds, breaking all previous Santa Monica and Vanderbilt Cup track records—at an average speed of 87 miles per hour.

Second, third and fourth places were also won on Goodrich Silvertown Cable Cord Tires.

This marks the thirtieth victory during the 1916 season for this wonderful tire, against the keenest competition, and eighteen of those victories were RECORDS—either the fastest world's time for the event or the best time ever made on that particular track.

Never has there been such sweeping and convincing demonstration of tire superiority. Not a list of irregular performances—of wins here and failures there—but a STEADY SUCCESSION of Brilliant Victories, non-stop runs and Dependable Service—that has proven to the most skeptical that this, the original and ONLY CABLE-CORD Tire, offers advantages that can be found in no other.

Put this Silvertown tire which has this wonderful strength and Ability to Stand up under speeds of a hundred miles or more an hour, to work on your car.

Patented and made only by

**THE B. F. GOODRICH RUBBER COMPANY**  
AKRON, OHIO

Resta says: "SILVERTOWNS ARE THE FASTEST TIRES IN THE WORLD"

## STATE DEER KILL WILL BE 10,000

Sportsmen Active, Is Shown in Reports of the Game Commission.

SACRAMENTO, Nov. 17.—In spite of reports all through the summer months that deer hunting would be poor in both Coast Range and the Sierra Nevada mountains, reports compiled by the State Fish and Game Commission indicate that fully as many deer, and probably more, were killed during the 1916 season as in the preceding years. In 1914, 8,600 deer were killed, and in 1915, 8,342, according to the reports of the Commission, which are not complete.

A total of 10,000 is expected this year. Mule deer weighing 400 pounds each, dressed, were killed in the lava beds of Modoc during the 1916 season, and a hybrid of the mule and blacktail deer, but a true variety, weighing up to 350 pounds, was reported by sportsmen in that section.

Even better deer hunting is forecast for 1917.

## Blue Bird Bureau

Subscriptions amounting to \$4.50 have come to the Blue Bird Bureau to assist in paying the rent of the aged woman afflicted with cancer. The arrears in rent amount to \$10 and a Blue Bird friend has made the offer to keep the rent paid week by week.

"One Touch of Nature Makes the Whole World Kin."

It is a commendable trait that when things have been of benefit to us, we want to share it with others who stand in need of the same help. It is the touch of Nature that makes the whole world kin—their wants to be helpful to our fellow men. That is why people who have used Chamberlain's Cough Remedy write letters to the manufacturer about it, and ask to have them published so that every one will know what to do under the same circumstances. Behind every one of these letters is the warm-hearted wish of the writer to be of use to someone else. For sale by Osgood Bros. Drug Store.—Advertisement.

week in future for several months. If the arrears are paid up, Frank, a woman physician is giving her time and service to the woman and some clothes and some other things needed have been provided. The Associated Charities is giving the groceries needed. With a few dollars more the situation could be met.

Some problems seem almost impossible of solution. There came an appeal today for a family in Berkeley. The father has had both ankles broken and is laid up, with the prospect of not being able to go out for several months. He is a clerk.

There are eight children. The family is in want. The father is seeking an opportunity to obtain some clerical work he may undertake in his home, the writing of some letters, bookkeeping for some small store or some similar task.

## THE CONFESSIONS OF DOXANE

BY FRANCES E. WALTER

It is one of the perversities of fate that the thing one longs for sometimes turns out to be most unwelcome. This was certainly true of our new social activity, the "Christmas Plan." I, of course, was completely ignorant of myself that I only was to blame for whatever dissatisfaction I felt. Arthur was the one who was completely satisfied to stay at home every evening, while I had nagged and tormented him until, in sheer self-defense, he had consented to invite friends for dinner. Now that he had tasted social pleasures once more, he seemed unable to get enough of other people's company. He insisted upon going out every evening that we did not have friends with us, and he would not take a refusal from me. We had got to dining regularly once a week at the "Edwardses" and another evening out of every week was spent at the Phillipses, and we had them with us once a week. Very soon we became acquainted with friends of these two families, so that between our dinner engagements and theater parties we were at home only when entertaining others.

As soon as I saw the way things were going I tried to call a halt, but without success. The crisis came when Arthur telephoned me that the Phillipses had invited us to attend the theater that evening.

"I shall not go," I told him. "I am worn out and you must decline for me." Arthur appeared to accept my determination without regret, although he urged me to reconsider my determination.

"Phillips went to some trouble to arrange the affair," he told me, "and I do not think you ought to disappoint him."

"Oh, he can find others to go," I replied carelessly. As a matter of fact, Mr. Phillips was becoming more and more disliked by me, and the less I saw of him the better I pleased.

"I am sorry," Arthur finally said. "Of course, I shall have to go. Phillips knows you are not ill, and the fact that you do not want to go will not be accepted by him as sufficient reason for me to decline."

"Very well," I replied coldly. "Do as you please."

Outwardly I was superbly indifferent what Arthur did, but such was by no means my real feeling. I was furious that he should wish to go, and I was angry with me, and when I thought of him being with Evelyn Phillips I became even more angry.

Nevertheless, I had only myself to blame. I had declined Mr. Phillips' invitation, not because I was ill, but because I did not want to see his dried-up, ugly little face or to be near as Arthur and Evelyn continually did unconsciously betrayed their admiration of each other before my very eyes.

It seemed to me that Arthur was unusually light-hearted that evening when he came home to dress. One would hardly have recognized him as the staid business man who had come to live with me, and when I thought of him being with Evelyn Phillips I became even more angry.

"Sorry you're not going," he told me once between sittings. "Think you enjoy it."

"I do not think I would," I replied slowly. "In fact, I am getting so I enjoy my self less and less when we go out with the Phillipses."

"He looked at me blankly."

"That's the matter with the Phillipses?"

"Nothing," I replied, wearily, "except that Mr. Phillips seems to be getting more like an imbecile all the time."

Arthur laughed.

"Poor Phillips!" he exclaimed with mock sympathy. "And he thinks every day that he is becoming more and more of a philosopher."

"One of the best evidences of incipient insanity," no sane person could think Mr. Phillips a philosopher.

"I don't know," I said, "but I depend upon the definition of the term. If contentment, satisfaction with one's condition in life, love for family and home are attributes of a philosopher, then Phillips might be a candidate for the honor."

"He possesses the same type of contentment and complacency that one observes in an insane asylum, and as for his love for his daughter, that is his heritage from his primitive ancestors."

"I will admit that he is boring at times," agreed Arthur. "But in that respect he is not unlike many another person."

"Well, I am in no mood to be bored tonight," I observed peevishly.

Arthur looked at me critically.

"You will have rather a dull time of it alone, I fear, won't you?"

"Not at all. It will be a relief to be by myself for a while."

"This was only a part truth. To be sure, I did not feel like meeting people I cared nothing for, but at the same time I did not relish the thought of Arthur's tête-à-tête with Evelyn Phillips. It seemed to me that for a married man he was getting rather deep into it with that girl."

"Good-bye," said Arthur, as he pulled on his overcoat. "I shall be home as early as I can."

(To Be Continued.)

## "Locomotive Joy Ride" Endangers Trains

WICHITA FALLS, Tex., Nov. 17.—The fact that a southbound train on the Fort Worth and Denver railway was running late is all that prevented a head-on collision when a stranger took a Wichita Falls Northwestern passenger locomotive from in front of the union station and went riding in it for five miles to the north before the steam ran low and he was forced to stop. The man, who said he was E. A. Spencer of Ladonia, Tex., was arrested and lodged in jail, charged with theft.

Had the southbound passenger train been on time it would have been somewhere on the five miles of track traversed by the stolen engine.

MCCORMICK HONORED.

NEW YORK, Nov. 17.—Vance C. McCormick, Democratic national chairman, was given a complimentary dinner last night by Chairman Charles R. Crane of the Woodrow Wilson Business Men's League. Fifty or more heads of departments associated with McCormick sat about the table at the Elmhurst and extolled his management of the campaign. McCormick responded.

## Contraband Rubber Is Center of Lawsuit

NEW YORK, Nov. 17.—George Philip Nieder, a New York export merchant,

has been named defendant in a suit for \$50,000 brought by Leon P. Mainetti, who alleged that Nieder caused his name to be placed on the British blacklist by inducing him to ship contraband rubber in 250 bags of coffee.

Mainetti says that he did not have the slightest idea that the bags contained anything but coffee. He shipped them on the steamer Lyngsfjord March 16, last.

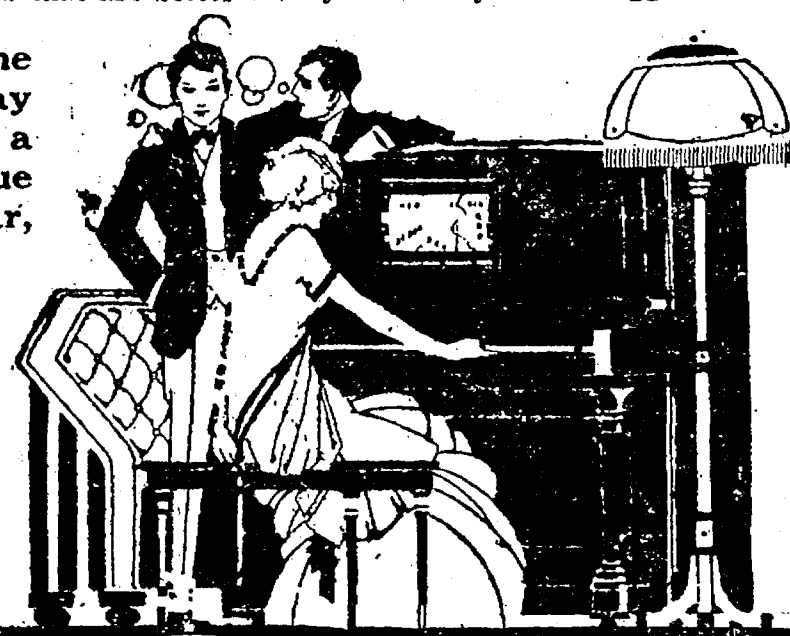

During the voyage British officers boarded the ship, examined the coffee bags and discovered the hidden rubber, Mainetti alleges. He claims that since he was put on the blacklist he has been forbidden the use of cables to France and Italy and has been unable to collect money due him from foreign firms.

You can have a Piano or Player-Piano this Xmas on the new

# Kohler & Chase "Christmas Plan"

If you would like to possess a splendid high-grade Piano or Player Piano this Christmas, here is an opportunity to gratify your desire, and a plan of payment that is extremely easy, and one that provides terms and exceptional advantages that are better than you could yourself suggest.

For the first time the people of the Bay Cities are offered a plan that is unique in every particular, and that has scored a signal success in the East. A Christmas plan that is designed to make possible a piano in every home.

Our "Christmas Plan" places in your home your choice of any instrument in our complete stock (without restriction as to quality, make and price) for a cash payment of just \$5.00.

Some of the "Christmas Plan's" unusual features:

### LIFE INSURANCE

This feature of our "Christmas Plan" provides that in case you die during the term of your agreement (with your account paid up to date) your heirs will immediately receive a bill of sale for the instrument, thereby canceling all further obligations and giving the instrument to them free of any further charge.

Think what this means—you may now buy a Piano or Player Piano with no fear of what your family would have to do should you die before the instrument is entirely paid for.

### RELIEF FOR SICKNESS

Not only is your family protected, but you yourself are safeguarded.

If you become sick and temporarily incapacitated, you may have recourse to the Relief Insurance of this plan. This provides for only half payments for as many months as you have previously paid in full.

### RELIEF FOR NON-EMPLOYMENT

This Relief Insurance also covers non-employment as well as sickness. You receive the same privileges of half-payments for non-employment under the same conditions as those allowed for sickness.

Think what this means—you may now buy on this plan, with no worry as to what will happen if you become sick or out of work.

Besides these insurance privileges, you are positively assured of complete satisfaction in your choice of instrument.

### THIRTY-DAY REFUND

You can positively satisfy yourself that the instrument you select is the value it is represented to be. Any time within thirty days after the date of purchase you may be released from your agreement for any reason whatsoever.

### FREE EXCHANGE

If you change your mind as to the style, wood or price of the instrument, you may exchange it any time within one year (six months on Player Pianos), and receive full credit on a new purchase for all amounts that you may have paid.

### The Instruments on which you may secure all these unusual advantages:

#### Knabe

Grands  
Uprights  
Player Pianos  
Electrically Operated  
Players, Grands and Uprights

#### Fischer

## WOMAN TO FACE MURDER CHARGE

Stained Knife and Hammer Are New Clues to Ghastly Crime.

MARYSVILLE, Nov. 17.—District Attorney James F. Hunt of Sierra county, who has arrived here from Los Angeles county, where he caused the arrest on a murder charge of Mrs. Mary Patterson, declares he has sufficient evidence to secure the woman's conviction.

The district attorney's theory is that the woman killed John Patterson, stage station agent, at Gold Lake, Sierra county, December 19, 1915, by stabbing him with a knife. Infatuation for King Dutra, charged jointly with the crime, is given as the reason. The Sierra county prosecutor says he has identified a man who saw King Dutra and Mrs. Patterson together, and this man will supply proof of their illicit intimacy.

Hunt's story is that the knife which Mrs. Patterson stabbed her husband with is the weapon found in her trunk when she was arrested. The Sierra prosecutor's theory is that after the woman stabbed her husband, Dutra beat the victim with a hammer. This hammer was found in a blacksmith shop adjoining the stage station some time after the crime was committed. It had been hidden in a partition. The door between the station and the blacksmith shop had been in off and it had not been sealed up again.

Deputy Sheriff Wayman has gone to Los Angeles to bring back Mrs. Patterson. She will be taken directly to Downsville. Sheriff Julius Johnson of Sierra county will leave for this city today and tomorrow will return home with King Dutra, under arrest here for complicity in the murder.

A brown-stained dagger, found in her trunk at Redondo Beach, was used to accuse Mrs. Patterson of the murder of her husband. The theory of the officers is that the woman became infatuated with King Dutra and that the murder resulted.

## GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

Every Particle of Dandruff Disappears and Hair Stops Coming Out.

Draw a Moist Cloth Through Hair and Double Its Beauty at Once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after using "Dandergine" hair cleanser. Just try this—moisten a cloth with a little Dandergine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt, oil and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandergine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely a 25-cent bottle of Knovilton's Dandergine is worth a list or toilet counter, and just try it. Save your hair! Beauty! You will say this was the best 25 cents you ever spent.—Advertisement.

Sold by The Owl Drug Co., and other toilet counters.

"This one is a good wife, a wife that does everything within her understanding to make her husband happy. She bears the cross of neglect as long as she can and then tried to go away. She tries to go right and she tries to go wrong—she tries everything to smother the spark of love that holds her to her mate.

"And the man goes on, blind to his obligation and blind to the gaping wound that saps the life blood of the woman he had sworn to love and honor."

## Society

It is a wonderfully interesting function for which Mrs. Ellen Booth Hildreth is claiming guests this afternoon, opening her beautiful home in Hearst avenue to a coterie of her closest friends. The particular guest of honor is Mrs. Convey Evans, a woman who has traveled the world over, covering it from Labrador to South America in a minute and intelligent way and absorbing many things which pass by the casual traveler. Mrs. Evans although a globe trotter, is an unusual one and a brilliant woman as well. So it is that Mrs. Hildreth has arranged to have her meet her friends and tell them some of the wonders of those things which she has seen and known in the southern countries. The delightful mid-November affair is taking place in the billiard room. It has been the seating capacity of this charming place which has limited the number of guests to a half hundred rather than to that wider circle whom this hospitable hostess wished to include in her invitation.

Mrs. Charles Stanton who has been spending some delightful weeks in California, where she formerly made her home, received at a charming affair yesterday afternoon the many friends whom she has in San Francisco and here who were included in the invitation for tea. Perhaps the most interesting feature of the affair was the very lovely woman, a round of interesting events contributing to many delightful reunions of those whom she knew so well when she dwelt in their midst. When her husband's interests took her East to reside there was a very genuine regret, but her promise to return on frequent visits is being well kept. Now that her departure is timed for the near future, Mrs. Stanton in turn took upon herself the role of hostess and complimented the many who had been eager to show her favor.

One of the very delightful functions of the coming week is that for which Mrs. George Baxter will claim a coterie of the matrons of the smart set, entertaining at her lovely home in Berkeley. Mrs. Baxter is making a most attractive luncheon which will bring together her closest friends at a very elaborate occasion on the afternoon of Thursday, November 23.

The list for the larger functions of the month is lengthening until the late November gives promise of a gaiety which will make a seemingly lagged season an unusually brilliant one. Mrs. Miles Standish and her daughter-in-law, Mrs. Morgan Standish, are the latest hostesses to add their names to the roll of hospitable women. Their cards are out for an elaborate reception at their home in Berkeley for the afternoon of Tuesday, November 28. Formerly Mrs. Standish made her home in Piedmont, where she was popular with that exclusive hill colony. Her guest list numbers largely a group of old friends. There will be a receiving party to assist Mrs. Standish and her attractive daughter-in-law in greeting their guests, among them being some of the prominent women on this side of the bay.

It will be a happy company of friends whom Mrs. Standish will entertain on the morning of Thursday, November 23, at the coming week, planning an informal luncheon. The cards are out for a party which has been invited to partake of Mrs. Standish's hospitality include an intimate group of friends and Mrs. Standish, a charming woman who has traveled extensively both here and abroad.

Miss Amy Long, the popular young granddaughter of Mrs. Isaac Requin and General Oscar Long, who has not yet made her debut, is devoting several hours a day to the study of serious music. Miss Long is taking a strenuous business course, which, although she does not plan to pursue, will lead to a happy occupation to the mid-winter.

It is an interesting series of musicals and lectures which Mr. and Mrs. Percy A. Dow have planned for the pleasure of a wide circle of friends during the early winter. The Dows have recently taken possession of a handsome new home in Oakland where they are quite happy. Last night Mrs. Dow had a party of five friends as their guests. "Folk Music of All Nations," illustrated with records and pictures chosen by the hostess, was the feature of the evening. Last month it was a chaperone talk which won it illustrations which held the interest.

Over one hundred guests this afternoon enjoyed the unique affair at which Mrs. William Cavalier entertained, when she opened her home for a "Dandergine" party. Assisting this charming young matron in welcoming her friends were her mother, Mrs. Frank Adams and her sister, Miss Nellie Adams. The unusual program offered a new entertainment to plan smart and fashionable women of the continual round of bridge and conventional teas and welcomed this innovation.

If among the 100 dolls which are all ready made and to make the debut at the annual Doll Show of the West Oakland Home, opening in Hotel Oakland next Thursday, there is none to beat, it is the most fastidious little mother, then that child is simply impossible. For there are baby dolls and school girl dolls, singing dolls and sun bonnet dolls, just waiting to be loved.

Mrs. A. V. Clark has undertaken this main feature of the festival of inanimate folk with the assistance of the members of the board of directors of the Home. In its personnel are Mrs. Carl Webster, Mrs. A. M. Beebe, Mrs. Landers Redman, Mrs. Frank Laughrey, Mrs. D. C. Curtis, Mrs. James Tullman, Mrs. George Ames, Mrs. Louis D. Manning.  
Of course the main attraction on the prize doll table will be the golden standard of the bridal party—bride, bridegroom, maid of honor and quartet of attendants will have their place. To be sure the creatures will be keeples, but the appointments will be perfect under the dainty marriage tower. It is a wedding wedding bell.  
And later some real bride will probably have this same lovely tableau placed as center piece on one of her bridal tables. A half hundred of abracadabra dolls stand in their places about this unique stand. A trio of smart women whose identity is guarded and will award the banners which will point out the loveliest of the

—Webster photo.

made in competition. Another half hundred dolls content to just find homes through the kind offices of Santa Claus, will be apart on a second table.

And beside the dolls there will be Christmas novelties will be offered at most remarkable figures. For the women of the West Coast Home have become conscious of the higher cost of living and have resolved to contribute their part to its solution by marking down to unheard of prices these beautiful things which they have spent the entire year in fashioning.

Tomorrow afternoon a large number of guests will cross the bay to the station of Miss Alberta Morse, who will receive at a studio reception. Miss Morse will be assisted in her hostess duties by her sisters, Mrs. Henry A. Melvin and Mrs. Jenkin Bevan John.

Although the marriage will be solemnized across the bay, the prettily planned ceremony which will unite Miss Frances Wilhelmina Taylor and Clarence William Westbrook on Tuesday evening will draw many guests from the east shore cities.

## Old-time Minstrels Will Offer Program

The old-time minstrel show which is announced by the choir of Plymouth Congregational Church for this evening, will draw several hundred to Plymouth center. An ambitious entertainment has been arranged, including in the cast some of the most talented amateurs on this side of the bay among whom are Lowell Redfield, Herbert Mee, Lawrence Moore, Max Horwinski, Mrs. Edna Fischer and many others. A chorus of seven or eight beauties who will never be recognized for the well known society girls that they are, and as many men will support the principals in the evening of fun making.

The following have had the arrangements for the entertainment in charge: Charles Fox Rich, Will MacDonough, Clayton Robinson, Dr. Geo. W. Burgess, F. J. Melbourne, Roland Miliken, Seth Thompson, Chas. C. Cass, John Houvinen, Mrs. F. J. Melbourne, Mrs. Alexander Stewart, Alexander Stewart, William Carruth, Hugh Gordon, Seth Thompson, Jr.

## "Wisdom That Brings Home Bacon" Praised

SAN FRANCISCO, Nov. 17.—"The only wisdom that counts is the wisdom that brings home the bacon," said Samuel G. Blythe, well-known Eastern political writer, today, in a telegram to a friend here, congratulating him on the result of California's vote in the recent election.  
Gavin McNab had wired Blythe as follows:  
The wise man that came out of the East didn't return to the East, but settled in the West. Wherein consists the wisdom of the wise men. All of which is proved by the election returns.  
To which Blythe made answer:  
"Admitting there is substance in what you say in your wire, I hold you to be the wisest of all the wise men of the West. Whereupon I congratulate you, not on your wisdom, for nature endowed you with that, but on the exemplification of it, inasmuch as it is known of all discerning men that the various qualities of wisdom as an attribute are elusive and that the only wisdom that counts is the wisdom that brings home the bacon."

# SHIP REPAIRS FOR BIG JOB

Union Iron Works Plans at Once to Enlarge Capacity So That U. S. Diver Destroyers May Be Built on the Estuary

Six of Sixteen Boats for Government Certain to Be Constructed Here; Pay Roll and Labor Gangs to Be Increased

That the plant of the Union Iron Works on the Oakland estuary may be ready to commence construction of the six destroyers, contracts for which will probably be awarded within a short time, by the secretary of the navy, work of extending the capacity of the plant is being pushed forward with all haste.

Word has been received from Washington that the Naval General Board has recommended that contracts for six of the sixteen destroyers be let to the local concern and it is thought that Secretary Daniels will act in accordance with the recommendation.

**COST MILLION EACH.**  
The cost of the destroyers will run something over \$1,000,000 each and the contracts will call for their completion in twenty-four months, more or less. This will mean that a vast amount of money will be distributed in the bay cities in wages alone.

Of the four superdestroyers to be let in the 1917 allotment it is probable that two each will go to the Newport News Shipbuilding and Dry Dock Company and the New York Shipbuilding Company.

The New York Shipbuilding Company has now become a subsidiary concern of the American International Corporation controlling the Pacific Mail Steamship Company and the U. S. Mail Steamship Company, through its alliance with the International Marine Company.

Announcement of the purchase has been made here. Several million dollars changed hands in the deal which is one of the most important in shipping circles since the present boom.

**ALL YARDS TAXED.**  
It is significant that the purchase is made at this time owing to the aggressive character of the deal which is one of the most important in shipping circles since the present boom.

**LEGAL NOTICES**

**NOTICE**  
**CONTRACT**

Office of the Clerk of the Board of Supervisors, Alameda County, California.  
Sealed bids will be received by the Clerk of the Board of Supervisors, Alameda County, at his office, until November 27th, 1916, at 10 o'clock P. M. when said bids will be opened and contract awarded for the construction of a storm sewer along Signa Street, between Rose street and Walnut street, in the View Road District, Division 6, Alameda County, California.  
Plans and specifications for the work are on file in the County Clerk open to inspection.  
Each bid must be accompanied by a check or cash for the sum of \$100.00, which shall be retained by the Clerk of the Board of Supervisors as a guarantee of the bidder's good faith and shall be applied to the payment of the contract price in the event the bidder fails to execute the contract within the time specified.

check for at least ten per cent of the amount of the contract, to be furnished by some responsible bank, and payable to Geo. E. Gross, Clerk of the Board of Supervisors, and to be forfeited in case the contractor should not agree and liquidated damages to the party or parties to whom the same shall be awarded fall to the contractor. The contractor shall also furnish a bond required by the Board of Supervisors, to insure the faithful performance of the contract.

Witness my hand and the seal of the Clerk of the Board of Supervisors of the County of Alameda, this 15th day of November 1915.

Dated: November 6th, 1915.

**NOTICE OF TIME SET FOR HEARING OF WILL OF J. LANG, DECEASED.**

In the Superior Court of the County of Alameda, State of California.

In the matter of the estate of J. Lang, deceased.

Ericker Lang and as Frieda Lang, heirs and next of kin of said deceased.

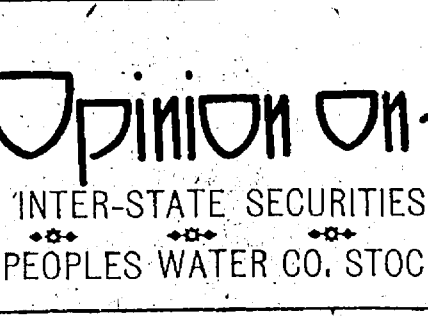

Notice of time set for proving said will is hereby given, that on or before the 15th day of November, 1915, at 10 o'clock of the forenoon, at the Courtroom of the County of Alameda, for the purpose of the hearing of the will of J. Lang, also described as above, and for the purpose of the issuance to Matilda Lang, administratrix of the estate of J. Lang, of letters of administration on the estate of said J. Lang, to be dated the 11th day of November, A. D. 1915, at 10 o'clock of said day, at the Courtroom of the County of Alameda, for the purpose of the hearing of said will, and for the purpose of the appointment of an executor of said will, when and where any interested party may appear and contest said will.

Dated: November 15th, 1915.

LOCAL PRODUCE

LOCAL PRODUCE  
MARKET

Dressed turkeys, reflecting the near approach of Thanksgiving, advanced in local market from 27 cents to about 30 cents per pound. Cranberries still remain unharvested at \$12.50 a barrel, but as a consequence are expected to advance to the parity to \$13.

Other fare suggestive of good cheereness was shown by the market, constantly increasing quantities. A. of navel oranges from Lindsay, T. county, the first for the season, at \$1.00 a bushel. In view of the high price, this demand for navel oranges was not surprising. A car of choice Spitzenberg apples from Hood River, Ore., and Wyandott, Wis., arrived last week, selling mostly around \$1.50.

A small quantity of strawberries imported from California has been received. Potatoes met with a strong market previous quotations. There were a few boxes of tomatoes at \$1.00 a box. The following are previous quotations:

Wholesale quotations are:

Apples—Spitzenberg—fancy, \$1.00; choice, .90; common, .80.  
Pippin—\$1.00.

## Nockabout Overcoat

Here's the coat that has all the "satisfaction-giving" qualities of the ordinary overcoat—easy, roomy and comfortable. The linings are left out, reducing the cost to within the reach of men who want a well-made, stylish garment at much less cost than they would have to pay for a lined coat of inferior make and fabric.

It has the swagger style, the individual character and personal expression that one expects in a much higher priced coat.

It is the correct coat to wear for all occasions and in all weather—a utility coat for any purpose and for any time.

Nockabout quality in the lowest or highest priced models, is reliable and dependable. It offers more in the way of style, service, comfort and convenience than any other garment selling at the same price.

## "A Son of Erin" to Open New Photoplay House

### Dustin Farnum to Appear in Notable Offering

All the world likes a silent, determined stickler. A man who can stand the "gaff" and not quit. Such a man is Dennis O'Hara, played by Dustin Farnum in "A Son of Erin," shown on the bill on the opening night, Wednesday, November 22, of the new T. & D. theater, Eleventh street and Broadway. This is a story of much beauty and appealing charm. The love theme has the flavor and romantic atmosphere of poetic Ireland and the hard fight and honest endeavor of the young Irishman to make good in America. In Ireland he longed to go to the land of promise, and, arriving in America, he actually does get on the Metropolitan police force and so writes to Katie. But Katie has been told by American tourists of "faked" costume photos to be obtained at Conny Island, and so does not believe Dennis' photo taken in police uniform. The plan is made for Katie to marry Dennis. But, as Katie suspected, Dennis O'Hara's next letter says that he is no longer a policeman. He has lost his position through a graft expose in which he is innocent; he is compromised, while the "higher-up" officials escape. His refusal to betray others is the cause. His fearless, honest character has made him a power in his district, and the reform leaders enlist him. The reform party wins and Dennis O'Hara, the poor Irish lad, is made a captain of police. Katie O'Grady is not told of this and a surprise much beyond her fondest dreams awaits the little immigrant on her arrival in America. Never has a role held so much of pathetic humor. It is a screen story that draws with an unusual charm and fascination. On the same bill is dainty Marguerite Clark in "Miss George Washington," the story of a girl who could not tell the truth.

### Fremont High Ready for Circus Tonight

Surprises and novelties in great number are guaranteed by the December, 1916, class at Fremont High School, sponsoring the annual Senior Circus, which is to be held tonight at the Foothill Boulevard institution. Side shows, rented from the management by the four classes, will make their bid for public recognition, in addition to main attractions offered by the graduating class.

A list of attractions include the following: Chorus singing old plantation melodies; Madame Dills, Mystic Wonder; Thomas Miller, song artist; Dorothy and Dorothea, Egyptian dancers; Acrobatics by the School Team; the 1916 Quartet in new songs; Fashion Show, with late gowns from mode centers; Roosevelt Special, a mystery show; Ballet special exhibition; Animated Movie Show; the Job-verwork; a new animal; Vanity Special show; Fatima and Taffia, fortune tellers; Cabaret dancing in the school gymnasium and Hades, a weird though instructive view of the underworld land.

### Aged Man Votes; It Costs Him His Life

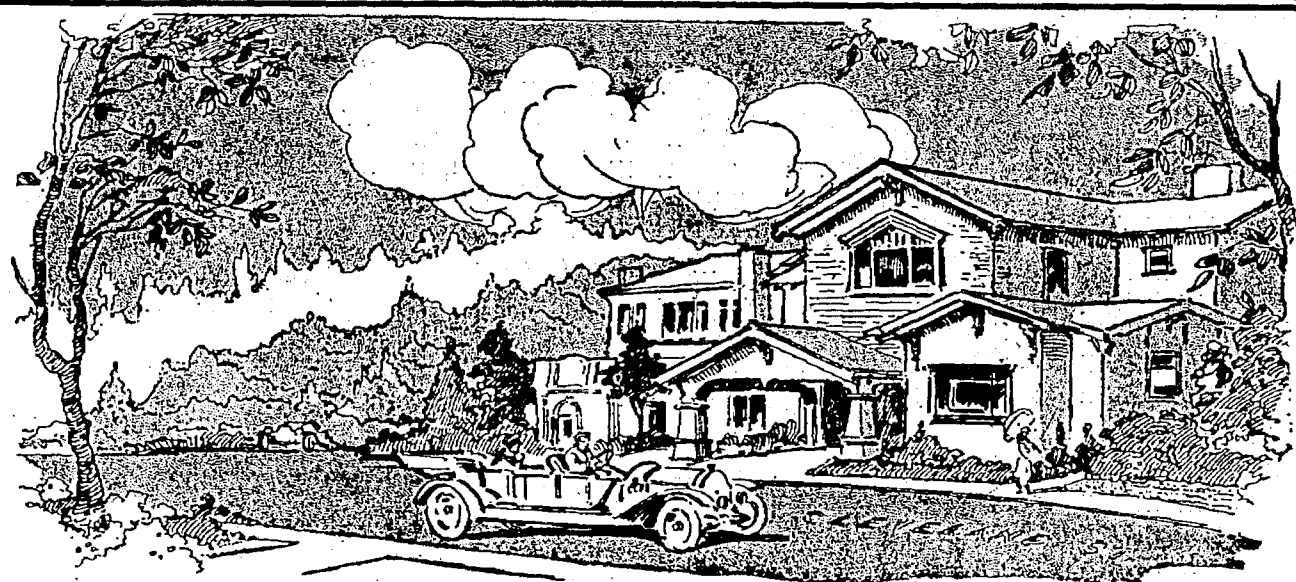

DOWNIEVILLE, Nov. 17.—Voting on his nineteenth birthday November 7 cost E. D. Ketchum, a pioneer of this county, his life. He contracted pneumonia by going to the polls, and died. Ketchum voted for Wilson.

### U. S. Salvation Army Congress Is Opened

PHILADELPHIA, Nov. 17.—The National Congress of the Salvation Army, with Commander Evangeline Booth presiding, opened in Philadelphia today. Sessions will be held daily until November 23. The international headquarters of the Army are represented by Commissioner T. Henry Howard, chief of staff. Delegates from virtually every state east of the Mississippi are participating.

Stomach Trouble and Constipation. Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the past two years. They not only regulate the action of the bowels, but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y. For sale by Osgood Bros. Drug Stores.—Advertisement.

## —To visiting real estate men—see Excelsior Heights

—Crowning the high lands overlooking Lake Merritt, adjoining the Home Club, Sather Park, commanding a view of the bay and of Piedmont Hills lies Excelsior Heights, one of Oakland's most beautiful subdivisions.

—To visiting real estate men we extend an invitation to call at our offices and accompany our representatives on a visit to this property.

—We are proud of Excelsior Heights.

—When you consider that we have a record of over 200 completely sold-out subdivisions, comprising some of the finest districts of Piedmont, Berkeley and Oakland, you will understand our pride in

the finest residence tract this company ever developed.

—We are selling this property, completely improved, at an average of \$35 per front foot—Building restrictions \$3000.00.

—Without special effort, supplying only a normal local demand, we have in the past 180 days sold out over half of this tract.

—As an example of the better type of Oakland's subdivisions no property is more typical.

—The selling success of Excelsior Heights is not only a good illustration of the natural activity of Oakland's realty market, but it also exemplifies the general character of our subdivision work in this district.

—Insomuch as this property is typical, why not take advantage of our invitation—Just come in and make yourself known—We are so proud of our achievement that we will consider it a favor to have the opportunity of showing it to you.
